

GOOD PROGRESS continues to be made on the Vincent J. Maloney school on Sir Winston Churchill Avenue [just down from the Sir Alexander Mackenzie School]. The facility is expected to open in the fall and will cater for St. Albert School District #3 students grades 7-9.

Board seeks feedback on fixed spring break

St. Albert School District No. 3 decided it would not participate in a high school football team at the regular board meeting held on March 3. The decision matches the one made by District No. 6 in response to a request by Mr. Rudy Scheibelhofer for assistance in financing a high school football team which he had made to both districts.

Mr. Scheibelhofer had been present at the February 17th meeting of District No. 3 to explain his proposal to the board. He was informed at that meeting that the board would discuss his request with the high school personnel.

The report received back

from the high school was not in favour of a high school football team for a number of reasons. Weather and the short football season, the expenses involved, and potential injuries were among the points mentioned. The report said that other sports provide the same benefits as football at less expense and less risk of injury. Viewed as a life time activity, football rates very low in comparison with sports such as swimming, badminton, golf, tennis, soccer etc.

Trustee E. Lockert moved that on the recommendation of the superintendent and the high school that the board would not be willing to support a football team. The

motion was carried.

FIXED SPRING BREAK

The possibility of a fixed Spring break was considered. The superintendent, Dr. Zielinski, reported that the subject had been discussed at an administrator's meeting and that it had been decided to gather reaction from staff in the schools. Trustee P. Freeman felt that parental reaction should also be sought. Dr. Zielinski asked if that would be necessary if the teachers are not in favour of a fixed break. Mr. Freeman replied that he would still like parental input.

Everitt nominated for Socreds

Keith Everitt was nominated at the Social Credit Nominating Convention in the Club Mocambo, March 6th.

Mrs. Joan Clark, housewife and member of the Sturgeon Recreation Board nominated Mr. Everitt who served as a member of the Legislature 1959-71.

In accepting the nomination Mr. Everitt said he was excited to be back in the midst of the political campaign, although the campaign itself will be short.

He said the decision to run was made only after he had received considerable representation from Conservative and Liberal supporters.

Mr. Everitt said he felt he was in the best position to replace the incumbent with 17 years experience in the Legislature.

He outlined he feels it is

very important to live up to a code of ethics.

Looking at the 1971 election results in this constituency, Mr. Everitt said the Liberals had dropped by 661 votes with the leader running as a candidate.

The NDP dropped by 465 votes, while he himself had

gained 761 votes over the previous election.

Mr. Everitt admits he has no coat-tails to ride in on but feels that because of the dissatisfaction of the Conservatives he has a good chance.

He supports Peter Loughheed's 12 point program.

Mr. Everitt predicts 70

seats will go to the PC Government. However someone has to give constructive criticism. He said "I will be working for an opposition seat," and he hopes he can work alongside the man he has always supported for party leader, Gordon Taylor.

Get on the voting list in time

If you're not yet on the voting list for the March 26 election enumerators will be in your area to place you on the list in time.

Enumerators will also be out to place persons on the register five days before the election March 19, 20, 21, 24 and 25.

If you are missed by the enumerator, contact the Returning Officer for the St.

Albert Constituency so that you can be placed on the list, at 459-8375.

If you are still not on the list by March 26, you can be sworn in at the poll provided you are accompanied by a registered person who can vouch for you.

To qualify for the vote, you have to be 18 years and over, must be a Canadian citizen or a British subject and must

have residence in Alberta 12 months previous to February 14, the day the election was called.

You must also have had residence in the St. Albert Constituency on the day of writ (Feb. 14). In the event that you were not in the constituency on or before that day, you can get a transfer from your last constituency.

M.D. Planning Change has implications for St. Albert Council

Mr. D. G. Brownlee, development officer of the MD of Sturgeon, forwarded a sketch plan to the committee of the whole meeting on Monday night showing the approximate area in which an application will be made to the provincial government for an amendment to their General Plan.

The area in question roughly covers four sections of land located southeast of St. Albert (127th Street to 142nd Street, 137th Avenue towards the industrial area of St. Albert). This parcel is currently classified "Special Control Area" and the amendment will reclassify this land to "Light Industrial Reserve."

Mayor Plain explained that he saw an important outcome of this request for rezoning in the fact that there will have to be a resolution of the land use in this area between St. Albert and Edmonton. The mayor said that zoning for light industrial use would force all parties - Edmonton, MD Sturgeon, and St. Albert

to have a look at the whole area and perhaps reach some resolution of what will happen in the area. Mayor Plain also said that if the committee was inclined to favour the industrial proposals set forth by the MD of Sturgeon, then it would be to the advantage of St. Albert to inquire of the MD if they were prepared to pursue a sharing of industrial assessment in the taxation accrued in the area.

Mayor Plain said that the

implications of the proposal included storm sewer and sanitary sewer drainage, water supply, industrial tax sharing, land use within the area, impact on transportation and other related areas of Edmonton, potential impact on St. Albert and control of the area. "It is a timely occasion to specify one specific type of land use," the mayor said.

In light of several specific points of concern (i.e. size of

Continued on page 2.

Architects named for Rec Complex

A special meeting of council was held on March 5 to hear a report regarding discussions, with provincial officials concerning the criteria for assistance to municipalities with the construction of multi purpose recreational/cultural facilities.

According to the minutes of the meeting, Mr. L.

Osipov and Mr. D. McCoy of Phillips Barratt were present "and described various projects their firm had been involved in such as, the Pacific Coliseum - a 15,000 seat multi-purpose centre, the Edmonton Coliseum, Karen Magnusson 500 seat facility in North Vancouver, currently working on a 8,000 seat multi-purpose facility in Regina, and projects in smaller centres such as Williams Lake, Parksville, Surrey, Delta, Hope, Merritt, and the Sportsplex in Lehighridge."

In terms of the project in St. Albert, the firm imparted that they are investigating working with an Alberta collaborator for no other reason than for the benefit of the project. Their fee is the basic minimum for architects in Alberta plus travel expenses.

Mr. Matt Fochter of 2 Gillian Crescent was present and addressed council as

Milk money thefts reported

St. Albert RCMP warned town residents Tuesday that money thieves are about in the Mission Park area of town.

There have been five complaints so far from the public that money which they are putting out for the milkman is disappearing before he gets to it.

Spokesman for the RCMP Staff Sergeant Al Dirk said that so far these incidents are nothing serious with only a dollar or so a time being missing with each theft reported.

He wanted townspeople to be aware this was going on however.

Continued on page 2.

Board seeks feedback

Continued from page 1

The chairman Steve Sieben asked the secretary-treasurer to report on the progress of the new school. Mr. E. Baldwin replied that the Braceville school construction is well on schedule and possibly a little ahead.

The next regular meeting of District No. 3 will be held on March 17. The annual ratepayers meeting will be held on March 19.

The board considered and approved a request from St. Albert High School for financial assistance for the girls basketball team which will be competing in the provincial playoffs at Medicine Hat. A further request from the high school for assistance for the boys wrestling team competing in the provincial finals in

Calgary was also approved.

St. Albert High School has been elected from the zone to send a delegate to Winnipeg to attend a conference on Interchange of Canadian Studies which will be held in May this year. A delegate and an alternate have to be selected from students enrolled in grades 10 to 12. The students selected must be outgoing, mature and responsible individuals with a good knowledge of Canada and are capable of recognizing regional problems. In short, the delegate will be an ambassador of the Province. Federal and Provincial grants are available to subsidize the student and the School District agreed to cover additional necessary costs.

As the Girl Guides of Canada - Guides du Canada celebrate 65 years of Guiding in Canada, they are embarking on Guiding on the Move 1975 - Le Guidisme Prend La Route, with travel and exchange programs organized between provinces and within the province.

On a Thinking Day Service, February 23, a draw took place at the R.C. Church Basement and Glenda Thruswell of Stony Plain was selected to represent Tamarac Area-Alberta, in Ottawa from June 28 to July 7 at the National Capital Event.

Glenda will enjoy 10 days in Ottawa as an ambassador

for Alberta accompanied by a Guide from Alberta, representative of all the volunteer Guide leaders in the province.

Also drawn were the names of four Guides between 14 and 19 years of age who will be part of the exchange program with the provinces of Quebec and Newfoundland. These girls shall fly to Quebec and Newfoundland for 10 days of visiting rural and urban communities, homestays with families and participation in cultural and community service projects. The girls are Rhonda Smith of Gibbons (visiting Quebec)

and, Carolyn Seitz of St. Albert, Marie Louise Sorensen of St. Albert, and Laurel Melnychuk of Gibbons (who will be visiting Newfoundland). Alternate Guides are Lorie Gorringer of Bon Accord and Sherry Thruswell of Stony Plain.

The fee for both the National Capital and Travel and Exchange Events is \$200 and each girl must earn a portion of it. The National Council of the Girl Guides will assist with the inter-provincial travel costs to encourage girls to learn more about Canada, increase national awareness and understanding and to help all the

girls and their friends to enjoy the cultural diversity in urban and rural communities. Members of the Guides Catholiques du Canada (sec-teur francais) will be integrated with the groups of travellers in those provinces where Guides Catholiques are active.

area, type of industry, ERPC land use plan for the area). Mayor Plain moved that the letter and sketch plan be received and further communication with the MD be pursued. The recommendation carried 6 to 0 (Coun. Lukay was absent).

Mr. Brownlee told the Gazette that the MD of Sturgeon is requesting the zoning change because they intend to attract industrial development into the area. The parcel of land in question was originally zoned in-

dustrial reserve prior to the implementation of special reserve status under the General Plan. In response to the concern regarding the degree of industrial development, Mr. Brownlee stated that the intention is to seek light, non-polluting industry.

Asked if there were any firm plans for industrial development on the parcel at this time, Mr. Brownlee told the Gazette that the MD has none at this particular point.

Garbage collection

Continued from page 1

"service" was being provided to everyone within the town a third packer machine would be needed. If this third packer was required and along with it an additional six men, about \$80,000 would be added to the garbage collection bill.

The survey of garbage collection conducted by the town (August 19, 20, 21, 22, 23, 26, 27, 28, 29 and 30) indicated that about 64% of the residents of St. Albert place their garbage at the curb while only 34% have the garbage picked up from the rear of the residence.

The system presently followed would cost \$162,242.88 for 1975 whereas the proposed system would cost \$96,725.76. The proposed system will be implemented in early April.

representing a consortium of architects and engineers resident in St. Albert, Rockliff and Partners, Reed, Jones, Christopherson, Keen Engineering Ltd., and Allsop Morgan. Mr. Fechter re-

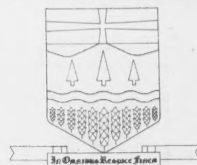

quested a day or so to permit the group to meet with and make a presentation to council and noted that sketch drawings could be prepared in 10 days.

A motion made by Coun. Fyfe (re: the firm Phillips -

Barratt being formally recognized as architects for the major recreational facility subject to satisfactory resolution of terms) which was tabled at an earlier meeting of council, carried at this meeting.

TOWN OF ST. ALBERT

PUBLIC NOTICE

[SECTION 311 OF THE MUNICIPAL GOVERNMENT ACT]

TAKE NOTICE that the Council of the Town of St. Albert, in the Province of Alberta, has given first reading to money Bylaw No. 3/75 which will, on final approval and ratification, authorize council to borrow monies by way of debenture, to pay for the cost of acquiring the land and constructing a police building within its municipal limits.

The estimated total cost of the aforesaid project amounts to \$623,475.00. After deducting from this cost the amount of \$40,000.00, to be received by way of a grant from the Provincial Government, the net amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$583,475.00. The debentures are to be repayable to the bearer in twenty-five (25) equal consecutive annual instalments of combined principal and interest, the interest not to exceed a rate of more than twelve per centum (12%) per annum.

NOTICE THEREFORE is hereby given by the council of the Town of St. Albert that, unless a poll of the proprietary electors for and against the said debenture borrowing is demanded, as provided for by the terms of The Municipal Government Act, the said council may pass the said Bylaw and submit it to the Local Authorities Board for final ratification and certification that a vote of the proprietary electors thereon is not required.

OF WHICH ALL persons interested are hereby notified and they are required to govern themselves accordingly.

NOTICE TO PROPRIETARY ELECTORS

A proprietary elector is -

- (i) a person whose name appears on the assessment roll in respect of land liable to assessment and taxation for general municipal purposes, and
- (ii) a person who is liable for the payment of a mobile unit licence.

Five per cent (5%) of the proprietary electors may by petition request a vote on a money bylaw under the provisions of Sections 311 and 7 of The Municipal Government Act.

1. The petition must be received by the municipal secretary within 15 days of the last publication of this notice and shall contain on each page an accurate and identical statement of the purpose and objectives of the petition.
2. Each signature to the petition shall be witnessed by an adult person who shall take an affidavit that to the best of his belief the persons whose signatures he has witnessed are qualified to vote at a general election.
3. There shall be set out opposite each signature on the petition -

- (a) the legal description of the property or other qualifications entitling that person to be a proprietary elector,
- (b) the postal address of the petitioner,
- (c) the occupation of the petitioner.

4. A corporation or a church or other religious organization or an estate, the name of which appears on the last revised assessment roll as the owner, conditional owner or purchaser of land that is not exempt from taxation, may in writing authorize a resident representative to sign a petition on behalf of the corporation or a church or other religious organization or an estate.

5. The petition shall be filed with the municipal secretary who shall, in accordance with the Act, compute the number of petitioners that have signed the petition and determine the sufficiency thereof.

6. Every petition shall have attached to it a signed statement of a person whose name appears upon the petition, stating that he represents the petitioners and that he is the person to whom the municipality may direct any enquiries with regard to the petition.

7. No name shall be removed from the petition after it has been received by the municipal secretary.
8. If two or more money bylaws are advertised in a single notice, a separate petition shall be filed with respect to each bylaw.

9. The date of the last publication of this Notice is **March 12, 1975**.

Public meeting called on Recreation Complex

An important public meeting will be held on Wednesday, March 19, 1975 at 7:30 p.m. in Sir George Simpson School when the subject to be discussed will be the proposed Major Recreation Complex and the facilities which it may include.

Because of the recent announcement by the Minister of Culture, Youth and Recreation about financial assistance towards the cost of recreation facilities, a public meeting was held on Saturday, February 22 at which residents were given the opportunity to express their opinions on alternatives for the complex. The meeting was mainly of an exploratory nature and all groups and organizations were not represented.

When giving consideration to the subject to be discussed at the meeting on March 19, it should be kept in mind that the construction of a major complex does not preclude the provision in the future of other facilities in the community; district facilities are also being planned. However, because of the structure of the financial assistance offered by the Provincial Government, it is to the town's advantage that a multi-purpose complex be considered at this time. The complex, major though it may be, is only a beginning; be assured that district facilities will follow.

The council has established April 1st as the deadline for submissions to the Provincial Government.

This date has been selected in order to meet the target date of September, 1976 for the opening of the new facilities.

Apart from financial considerations, the facilities which will be included in the proposed complex depend to a great extent on the advice received by the mayor and council from the potential "users." It is important that the advice given is both constructive and organized and, with this in view, the St. Albert Parks and Recreation Board has called the meeting on March 19.

The meeting will follow the "Charette" format. There will first be a presentation of slides based on preliminary drawings in which alternatives for the complex will be offered. Those attending will then break up into groups with specific interests to discuss their needs. These will then be summarized, and, hopefully, conclusions reached which will provide information on which council can base their final decision in time to meet the April 1 deadline.

It is important that as many written submissions as

possible be received prior to March 19. These, along with good representation at the meeting, will contribute to

wards St. Albert having the complex best suited to the needs of the community. Submissions should be sent

as soon as possible to the secretary to the board, Mr. Bernie March, Town Hall, St. Albert.

Baby Nicole Contant is blissfully unaware of the significance of the occasion as she catches a nap while the photographer takes a five generation photo. She is held by her Great Grandmother, Mrs. Marjorie Colson of Calgary, with Great Great Grandmother Mrs. Inez Whiddon of Edmonton standing at left beside Grandmother, Mrs. Joan Olsen of Stanley Drive, St. Albert, and her mother, Mrs. Christine Contant of Plamondon. All five women were first born children and all are related on the maternal side. Photo was taken at Mrs. Colson's home in Calgary on the Olsen's 22nd wedding anniversary.

Telephone books and catalogues

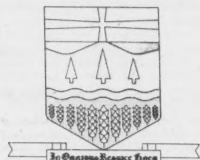

The Badminton Club at Albert Lacombe School is collecting old telephone books, catalogues and magazines and other books that are the size of telephone books (e.g. realty books, in order to raise money for more badminton racquets.

We would appreciate St. Albert residents dropping off any of these books at Albert Lacombe School (55 Gainsborough Ave.) from 8 a.m. - 4:30 p.m., or 7 - 8 p.m. on Thursday. Please do not send books to the school after Thursday since the books will be going to Edmonton Salvage that evening.

Any resident or business firm that has a large number of books and is unable to deliver them to the school is requested to phone the school at 459-4478. Residents

are reminded that there is a paper bin located behind the Roman Catholic Church (St. Vital Ave.) for newspapers, etc., which operates year round.

TUNE - UP SPECIALISTS

from the Mayor's office

The town council and members of the administration have been moving swiftly towards meeting the requirements set out by the Department of Culture, Youth and Recreation regarding the formulating of an application for assistance in constructing multi-purpose recreational-cultural facilities in St. Albert.

Our efforts to date have involved: (1) meeting with the school boards, (2) attendance at a public meeting to receive public input and comments, (3) selection of an experienced team of architects and consultants, (4) holding meetings with consultants and land owners regarding site location and the determination of the optimal mix of facilities; (5) meeting with provincial government officials and representatives and (6) liaising with members of the public on an individual basis.

Our efforts have been complemented, and in certain instances exceeded by the all-out efforts and hard work of the parks and recreation board, who are currently engaged in the process of providing detailed advice derived from contact

with the general public and specific user groups. Clearly, the substantial progress which has been made in the short space of time which has elapsed since January 31, 1975, has been due to the joint efforts of a number of people and groups in the community.

CHOICE OF ARCHITECTS AND CONSULTANTS

The St. Albert Town Council has chosen the firm of Phillips and Barrett as the architects and consultants charged with the responsibility of designing our multi-purpose recreational facility. This firm has a Canada-wide reputation in designing recreational complexes. Their accomplishments include: (1) Edmonton Coliseum; (2) Leithbridge Sportsplex and (3) The Pacific Coliseum and a host of other projects which are too numerous to mention.

Recently certain concerns have been voiced over the rapidity with which we have acted. In particular, certain individuals have asked why the council didn't hold an open competition and invite design submissions from all over Alberta and Canada.

The answer is that the council felt it was imperative that the existing shortage of facilities should be overcome at the earliest possible date. It was felt that if: (1) we selected a well-known group of Canadian architects and consultants with Alberta experience, (2) submitted our application with the preliminary design at the earliest possible date, namely April 1, 1975; (3) received approval regarding funding from the Department and (4) prepared the final working plans over the following four months period, that we could commence construction in mid-summer or in the early fall of 1975.

Our objective is to provide St. Albert citizens with their badly needed recreation facilities in the fall of 1976. It is felt that our activities and actions to this point will allow us to achieve this end.

Lions Carnival

On behalf of the St. Albert Breakfast Lions Club and all the other service clubs involved in the first annual St. Albert winter carnival, I thank all the population who participated in this memorable event. For those who missed the activities, I am sorry, for you missed a great time.

The carnival committee has already met and have made tentative plans for next year and I can assure you it will be bigger and better. The Lt. Governor has already indicated he would like to come back next year.

I must also thank the town council who gave us the enthusiasm and the assistance to make this a successful event.

The Gazette must also be recognized for their tremendous coverage. And also Capital Cable T.V. for their television coverage. The staff of both media's were as enthusiastic as we were.

And from myself personally to all those people who worked on the several committee events thank you without your help, the carnival could not have taken place.

If there are any of your readers who wish to become involved in next years carnival or any other service project, call Lion Ernie Jamison at the Gazette office and come to our breakfast meetings on the second and fourth Tuesdays of the month in the community hall at 6:45 a.m.

Reconsider Rec Complex architect decision

I am concerned about your decision to have a Vancouver architectural firm undertake the design of the proposed new recreation complex for the Town of St. Albert. I can appreciate there are a number of time constraints which you are faced with in order to submit your proposal to the Provincial Government to receive the per-capita recreation grant. However, I find it difficult to understand why a Vancouver consulting architectural firm would be selected, when there are numerous firms within the city of Edmonton or province of Alberta who are capable of undertaking the design of this facility.

I am sure you would not consider it necessary to go to Vancouver, Toronto, or other locations to obtain legal, financial, medical, or management services and yet have found it necessary to obtain outside professional engineering and architectural services without due consideration given to those firms who contribute to the economic viability of our area.

I oppose your procedure in this regard and would request that you reconsider your decision.

S. P. Kolomyjce,
Braeside.

to the Editor

eight year old girl.

Because my daughter likes to help other people, she decided to skate in our past skate-a-thon, and happily went out collecting pledges, doing very well at \$1.21 per lap. Sunday morning down she went and skated her 100 laps, resting only once, and we were so terribly proud of her. Then came the time to collect her pledges. When she went to your house, you decided that \$10.00 was too much to pay, so you changed the \$5.00, and then added insult to injury by having her

change a \$20.00 bill for you. Well, sir, she came home and cried her eyes out because she couldn't give all her money to the Kinsmen, money she had worked so hard for. Your actions have made her lose a little faith in humanity, so may I suggest in the future if a child comes to your house for a pledge, simply refuse, as that doesn't hurt so much, and my daughter will never bother you again.

Mrs. B. Stoesz,
Forest Lawn.

The breakfast and meeting is finished at 8 a.m.

Don Merrell,
Carnival Chairman,
St. Albert Breakfast
Lions Club.

Dear citizen

Through the medium of our local newspaper, I would like to bring to your attention how deeply you have hurt an

Gazette Reader

COMMENT

Alberta firms could handle facility

The St. Albert Parks and Recreation Board, for the first time, advertised in the St. Albert Gazette on Feb. 12, 1975, that a public meeting would be held on Feb. 22, 1975, in the St. Albert Community Hall, for input by the public for the proposed recreation facility. At this meeting, the chairman of the Parks and Recreation Department first made public that a Vancouver based firm of architects, engineers, and project managers had been retained to prepare for the town, preliminary sketches and estimates for the proposed recreation facility. The preliminary sketches and estimates were exhibited and presented during the public meeting at the St. Albert Community Hall.

We are a group of local business and professional people also residents and taxpayers of St. Albert. Since the Feb. 22, 1975 public meeting, we have contacted the mayor and all town councillors, expressing our concerns and pleading with them to have an open competition, giving Alberta architectural, engineering and project management firms an equal opportunity to make a submission on the proposed recreation facility. We have also contacted the local MLA, Mr. Jamison and the Minister of Culture,

Youth and Recreation, the Right Honourable Horst Schmidt, regarding the legislation and time limit qualifications for application to the Provincial Government for the "Financial Assistance Program." Mr. Schmidt and Mr. Jamison, specifically noted that April 1, 1975, is not the dead line for application as we had been led to believe at the public meeting, but the starting date for a 10 year program.

We understand that several local architectural firms have written the Town of St. Albert and expressed interest in the recreation facility, however, from the comments of the March 5, 1975 council meeting and from discussions with various council members and members of the Recreation Board, it is evident that little or none of this information has been made available to them. One of the presentations was by a group of architects and engineers who reside in St. Albert, and addressed to the mayor and council, dated Feb. 21, 1975, containing a 25 page brochure. The mayor acknowledged receipt of the presentation in a letter, dated Feb. 25, 1975. However, at a special council meeting regarding the recreation facility, held on March 5, 1975, Mayor Plain, in Council Chambers publicly stated, he could not recall

having seen this 25 page presentation. In view of the mayor's statement, our group pleaded before council to be given one or two days to prepare a proper detailed submission to present before council, at which time we would outline our expertise, depth of organization and experience and would provide criteria and the time required to prepare the schedule of sketch plans, estimates, design drawings, final working drawings and construction schedule to meet the program.

We feel strongly that this facility could well be designed by Alberta architects and engineers, who in our opinion, display as much professional competence, as similar out-of-province consultants, and could be managed by Alberta project management firms who provide employment for many Alberta residents as well as tax paying residents of St. Albert, thus, retaining the economic and financial benefits of this project in Alberta. Our group has expressed that we can meet the time limitations of this facility and we would respectfully request that equal opportunity be given this and other Alberta groups.

Matt Fechter,
R. D. Cameron.

Mayor's letter to Premier suggests Gov't. complex in St. Albert

Mayor Richard Plain reported to the committee of the whole meeting on Monday night that he had written a letter to the Premier of Alberta suggesting that St. Albert be considered as a

location for provincial administrative complexes. "I would like to suggest," the mayor stated in his letter, "that the Town of St. Albert has lands within its boundaries which are eminently

suited for the location of government administrative complexes."

In his letter to Premier Lougheed, the mayor stated two reasons why this community would be suitable for the purposes. The first was an aesthetic point; that the Sturgeon River Valley and the Big Lake complex are comparable, and indeed superior to the Saskatchewan River Valley in many re-

gards. The second reason noted by the mayor in his letter made a functional argument, stating that St. Albert is only 20 minutes from the heart of the existing government centre.

"It is suggested if the plans outlined in the Edmonton Journal are followed," the letter goes on, "that approximately \$120 million or more in 1975 dollar terms for new construction will be

carried out in Edmonton. In addition, millions of dollars per annum in operating costs, primarily payroll expenses will be injected into Edmonton's economy. This will greatly stimulate Edmonton and further its rate of growth."

The letter points out that if Edmonton is the recipient of this boost it will be accompanied by increased congestion and a reduction in the amount of open space available for optimal siting of public buildings.

"At the present time," the mayor says in the letter, "the Town of St. Albert owns a substantial amount of land in the downtown area bordering the Sturgeon River which could be made available to the Provincial Government." Also mentioned in the letter

is that the town also has land bordering the Sturgeon River on Big Lake which could be developed "into a unique setting for a provincial government administrative centre." The lands referred to in the latter statement include the lagoon area.

The Town of St. Albert can offer some unique and extremely attractive possibilities, Mayor Plain says, for an innovative government to use in ensuring that the location of the government's portion of the service industry is used to further stated aims for the decentralization of economic activity, improve the aesthetic portions of public buildings, and minimize the social pecuniary costs that are associated with high density developments in urban areas.

Panel discussion at P.K. explored drug use and abuse

About 150 adults and students were on hand at Paul Kane High School on Wednesday evening, March 5, to hear and participate in a panel discussion on the various implications of smoking marijuana. The discussion was part of Paul Kane School's Education Week activities.

Dr. B. Saunderman, a psychiatrist currently working at the Alberta Hospital, Oliver, was the guest speaker. Represented on the panel were Mr. Ed Dunik (pharmacist), Rev. Musto (minister), Miss Susan DeHeK and Mr. Kelly Stanners (students), Mrs. Zahara (parent), Const. Ron Rocco (RCMP), and Mrs. L. Collins (community service worker, A.A.D.A.C.).

Dr. Saunderman opened the discussion with a highly informative talk on the current studies and speculation regarding the effects of marijuana use. Explaining that he has studied the recent consequential material on the subject, Dr. Saunderman stated that he feels there is enough evidence to indicate negative psychological / physiological effects resulting from the use of the psychoactive ingredient (THC) in marijuana and hashish. Qualifying his statements by saying that blatant problems result from chronic abuse of the drug, Dr. Saunderman said an estimated 10 cases per month are received at Oliver which are determined to be the result of "chronic abuse."

These cases, said Dr. Saunderman, differ from the "true" psychotic disorder in that they respond to treatment and are eventually improved, while the "real" psychosis cannot be completely cured.

Soft drug usage starts in a limited social group, Dr. Saunderman said, initiating with an awareness of innovation which gives way to a stimulation of interest. This is followed by an evaluation of the activity and rejection or adoption of usage.

In terms of pathological aspects of soft drug use, Dr. Saunderman said, comprehensive and accurate study is hampered by the problem of isolating measurable dosages. Further complicating controlled study is the fact that as many as nine psychoactive compounds are found in the drug.

Dr. Saunderman said that

Eye Doctor: "Hmmm! This looks bad. Have your eyes been checked before?"

Patient: "No, Doctor, they have always been brown."

a host of medical complaints may result from "soft drug" use ranging from allergic reaction and red eyes to lung cancer and frontal lobe atrophy (scarring of brain tissue).

Admitting his primary concern was with mental

their children and given them "a bunch of do's." He stated that he believes that the use of drugs indicates the need for a crutch and therefore is indicative of a poorer condition. People, said Rev. Musto, seem to be looking for a substitute for

that parents wished to see young people reach their ambitions without doing damage to themselves through drug use.

Constable Rocco provided some interesting stats from the police files in St. Albert noting that there were 74

concerned with the problem of alcoholism rather than fearing that children will become hard drug users. An eye to motivation should be maintained when attempting to understand the drug problem, she said. Mrs. Collins also said that if one is not part of the problem then one must be part of the solution; everybody is part of the situation.

QUESTIONS & COMMENTS

A battery of questions and comments stemmed from the audience when Mr. Bosynski, organizer of the Education Week program and m.c. of the discussion, asked for responses.

Q. (asked of Mr. Dunik and Dr. Saunderman): Compare the use of marijuana and prescribed drug use.

A. (Dr. Saunderman) Moderate use of marijuana does not seem to cause the psychosis problems. Marijuana use may result in an amplification of roles. Misuse of drugs not restricted to "soft drugs," other sorts of drugs are also abused.

A. (Mr. Dunik) Legitimate drugs have been refined to a predictable point in terms of effects resulting from use. Effect is measurable in prescribed drugs while marijuana does not have the quality control or safety margins and over-doses.

Q. (asked of Dr. Saunderman): re. safe level - can a person smoke too much marijuana?

A. (Dr. Saunderman) Pointed out that injection of THC can result in an over-dose.

Q. (asked Dr. Saunderman): Can a person shoot marijuana?

A. (Dr. Saunderman) The active ingredient - THC - can be injected.

Q. (asked of Rev. Musto) Do your counselling sessions benefit the user or the parent?

A. (Rev. Musto) Usually find that the parent comes for guidance because the young person does not see the necessity. In that sense the counselling is to benefit the parent. You can't help unless help is sought.

Q. (aimed at Mrs. Zahara) A young person still retains the goals and ambitions of life although marijuana is being smoked.

A. (Mrs. Zahara): Pointed out that a wrecked mind does not lend itself to reaching goals and objectives.

Q. (aimed at anyone on the panel): Why encourage heroin addicts to consume methadone as an answer to their problems?

A. (Dr. Saunderman) Noted that acute heroin withdrawal is not fatal and feels that methadone is as bad as heroin.

A question directed to the members of the panel asked for a show of hands regarding how many felt that marijuana should be legalized - three put up hands in favour of the measure. Comments from the audience included pot is like liquor - man takes drink, drink takes drink, drink takes man; soft drug use leads to hard drug addiction.

A comment regarding the

mind "expanding" aspect of drug use drew a comment from Mrs. Zahara that the 1962 World Book Encyclopedia states that marijuana is a habit forming drug. A gentleman in the audience noted that the mind expanding power of an educational institution pooh-poohs the mind expanding powers of a "filthy weed."

Rev. Musto observed that a society must be sick if it needs to seek kicks of this type. He said that he was left with the feeling "what next."

Reacting to Rev. Musto's remark, an individual from the audience noted that marijuana use is for the individual who uses it and not for "show" for others.

A question asked of Constable Rocco as to which was the greater problem - drinking drivers of "stoned" drivers - received the response that drunk drivers are more commonly charged and more easily detected than those under the influence of marijuana.

ALCOHOL AND POT ABUSED

Dr. Saunderman noted that the question regarding why society has legalized alcohol and outlawed marijuana was a common question. He noted that both alcohol and pot are drugs and when abused are serious problems. Alcohol is something people have grown up with and society has a horrendous problem with it. He stated that given the one problem, why create another. Dr. Saunderman added that it be noted that he could not condone legalization unless it was made perfectly clear that it was potentially harmful. Chronic use, he said, constitutes use every day while passive use is less regular use. Even with passive use, the doctor cautioned, harmful effects may manifest themselves in middle age.

A person in the audience noted that possession of alcohol does not constitute a criminal offence while marijuana possession does. It was pointed out that a criminal record is something which is difficult to live down and a criminal record "follows" a person through life.

Const. Rocco, answering a question directed to him, said that possession and use of marijuana is restricted in law and objectives. He has been specifically named by the government as having permission to carry out research with the drug.

Mr. Bosynski ended off the discussion by saying that the acute heroin withdrawal he had been a great success. The discussion and participation from the audience, he said, had been frank and open with both knowledge and lack of the same being brought out. Mr. Bosynski stated that he hoped that in the future other subjects of interest could be discussed in similar panel or workshop formats. An article outlining future workshops at Paul Kane High School as part of its evening extension program will be presented in a future issue.

MARIJUANA USERS TEND TO "skip out" from their jobs or school more frequently than persons who don't use the drug, says Dr. B. Saunderman, a psychiatrist who has done considerable research of consequential studies of the subject. Dr. Saunderman was the guest speaker at a panel discussion held at Paul Kane High School on Wednesday, March 12. About 150 people attended the innovative discussion which was part of Education Week at Paul Kane.

ABOUT 150 students and parents were in attendance at Paul Kane High School for a very informative and frank discussion on the consequences of smoking marijuana. The panel, which included parents, students and professional people, and guest speaker Dr. B. Saunderman, stimulated the audience with their remarks and responded to enlightening questions stemming from the floor. Director of Education Week activities at Paul Kane School, Mr. J. Bosynski, admitted great satisfaction regarding the fine support to the panel discussion and the other activities which went on during the week.

disorder induced by THC use, Dr. Saunderman said that there is concrete evidence to indicate the effect of the drug on the brain. He explained that three factors bear on the effects of the use of the drug - the quantity and quality of the drug, the mental and physical state of the individual, and the location where the drug is taken.

PANELISTS MAKE INTERESTING COMMENTS

First of the panel members to contribute to the discussion was Mr. Ed Dunik, a pharmacist and parent. Mr. Dunik stated that as a professional and a parent he had a particular bias on the subject. Noting his criticism of use of marijuana stemmed from the lack of "quality control, safety margin, and proven effects," Mr. Dunik likened taking the drug to playing Russian roulette. Rev. Musto said that as parents people look down on

what life really is.

Miss DeHeK, a student, noted that reasons and not excuses for drug use should be sought. She urged people to think about the reason why drug use takes place in order to understand the individual taking drugs.

Kelly Stanners stated that there is a negative attitude toward the "soft drugs" in the older generation while the younger generation is more permissive in this respect. He also stated that the use of marijuana is up to the individual.

Mrs. Zahara, a parent, said that she has never taken marijuana and as a mother is concerned, seeing the subject exposed in the media.

Mrs. Zahara said that drug use is damaging to the future of young people and hoped that young people would overcome the temptation. Curtailing drug use was something she expressed young people should strive for. Mrs. Zahara also said

cases of possession of marijuana in 1974. He said that though it did not constitute an epidemic he felt that it was indicative of a large problem. The constable said that the police cannot turn their backs on possession of drugs and the individuals who use them. He expressed his own view that each case must be dealt with in the particular circumstances affecting the individual. Const. Rocco said that he could not specify a single reason for drug use but he felt that a lot behind the use related to "following the fad." He urged young people to be individuals.

Mrs. Collins, a community service worker with the Alberta Alcohol and Drug Abuse Commission, sees modern society as being an age of anxiety giving way to escapism. She felt that people are seeking the "right answers to the wrong questions." Mrs. Collins felt that parents should be more con-

Visitors to the St. Albert Library will have the opportunity to meet Jones - the "Free to be you and me" robot, created by three and four year olds in the Ridgewood Terrace Playschool. Jones seemed quite pleased with his home in the Library and flashed his lights for the Gazette photographer.

Ridgewood Play School

Meet Jones the "Free to be you and Me" Robot. This is part of a glueing and doing project that the three and four year olds in Ridgewood Terrace Playschool have put together. They were thrilled to be making something for their hero Don Mills.

"Playschool," some of you scoff. "I'm not letting my child in the learning trap till grade one," some say? Play is a very important aspect of a child's life. He learns by play. Play has no rules - no right or wrong way of doing something thus he is able to create situations and deal with them in his own way. Life situations are complicated, and it takes time for a child to fit himself into our lifestyle. "Play is a happy activity which begins in delight and ends in wisdom." Playschool provides him with playmates, no adult can behave towards a child as does his own age mate.

In Ridgewood Terrace Playschool we endeavour to provide our children with this. There is free play, creative arts and crafts and socialization. Our equipment is not sophisticated - does it

have to be? Someone once said a good toy is only a peg that you can hang your imagination on. We have romping, stomping spirit and the children seem happy with this.

For anyone interested in our playschool program a

general meeting will be held - Ridgewood Terrace Club, March 24 at 8 p.m., in house.

CARD OF THANKS

Briggs. We wish to express our sincere thanks and appreciation to all our friends for their acts of kindness, floral tributes, memorial donations during our recent bereavement in the passing of our dear son, grandson, nephew, brother and cousin, Gregory James.

BRANDING GOES ELECTRIC

One of the best methods to aid police recovering a stolen article is to have the owner identify it with his name or a number. City RCMP have five electric engravers just for this purpose. They are loaned to the public free for a 48-hour period. Constable Doug Reinbold, demonstrating the "pencil" in action says about 85 per cent of all articles stolen in a month aren't engraved. - Sentinel Staff Photo. (Guy and Anne Voyer, now living in Kamloops sent along this photo which they thought Doug's friends might like to see "as we all remember Doug and his mom and dad." It appeared in the Kamloops Daily Sentinel Feb. 15th edition).

Let's not forget the old songs

By Clara Morin

Sixteen games of whist were played and enjoyed by the Senior Citizens in our recreational Centre. The highest score was obtained by two different women who had to cut cards, and, Mrs. Nettie Zoltenko got the prize. Mr. P. Morin got the highest score for the men. Mr. N. Franche got the door prize and Mr. E. Laplante got consolation.

There was an excellent lunch; also a choice of tea or coffee which is a privilege, and can be enjoyed Thurs-

day, Friday or Saturday from 1:30 to 4 by any senior citizen who wants to visit the Centre.

We had four new members amongst whom Mrs. Bertha Kennedy a well known pianist of St. Albert. Lets hope she can come again. She was also good enough to leave us some sheet music for which we are very thankful. But she must remember our voices are not

what they were years ago. There were four members named to go to the Pioneer Club at the University on Saturday the eighth.

This was a very interesting day for our President, Alice Kemps, vice-president, Anna Bailey, Clara Morin, secretary-treasurer and Mrs. Nettie Zoltenko. Many clarifying points were given on how a club should be organized.

Survey on deafness

The Alberta Co-ordinating Council on Deafness is sponsoring a Survey of the Deaf and Hard of Hearing in the Greater Edmonton area under a Local Initiative program. The aim is to count how many deaf and hard of hearing persons there are and to find out their needs for more and better future services. Questionnaires have been mailed to deaf and hard of hearing adults 18 and over. If any deaf or hard of hearing person has not received a questionnaire please contact Sue Boesen, director at 488-7804 TTY or voice or write to her at 11024 - 99 Avenue.

Craft workshops for Easter week

The St. Albert Arts and Crafts Guild is offering two workshops during Easter week: for children aged 8 - 12

a two-day multicrafts session is planned for Tuesday, April 1 and Thursday, April 3, 10 a.m. - 1 p.m. both days. Carol Brown is teacher. The cost of \$5 per child includes all supplies.

Teens and adults can register for Easter Egg painting, a class planned for Tuesday, March 25, 7 - 9:30 p.m., supplies are provided in the \$2.50 fee.

Children's multicrafts and Easter Egg painting for teens and adults will be held at the Arts Centre. Further information can be obtained from Lois Folkins, program coordinator; fees can be sent to the St. Albert Arts and Crafts Guild, Box 5, St. Albert.

BATIK WORKSHOP

Also during the Easter week, a batik workshop under the instruction of Jean Wedell will be sponsored by the Department of Culture.

REGULAR EVENTS

MONDAY - 7:45 p.m.
Camp Lacombe Bingo in Parish Hall.

WEDNESDAYS - Community League BINGO, Community Hall, St. Albert.

THURSDAY - 9 a.m. to 3 p.m. Mother's Day Out program. Bookings - 459-4534; Volunteers - 459-7476.

as the deadline for receipt of applications is March 17.

WEAVING

On Wednesday, March 18 at 1 p.m. the weavers of the St. Albert Arts and Crafts

Guild are meeting at 4 Sylvan Drive to hear Gordon Graziano, craft consultant for the Department of Culture, Youth and Recreation. Anyone interested in weaving is invited to attend this meeting.

THE GIRLS ARE GOING TOO!

This summer, for the first time in the long history of the Air Cadet League of Canada, the Armed Forces has granted the small but dedicated faction of the League known as the "girl Cadets" the right to apply for and participate in the Air Cadet summer scholarship program. Little known is the fact that the female Cadet most singley responsible for this "giant leap" for womankind is the highest-ranking girl in the 533 Air Cadet Squadron, Flight Sergeant Vivian Bendick. Flight Sergeant Bendick is herself applying for a gliding scholarship, the first of many girl cadet scholarship applications to come from 533. The Scholarship Cadets are travelling to Penhold on the 23rd, where they will be competing with other Cadets throughout the province for the actual scholarships.

Credit Union meeting shows successful year

Members of the St. Albert Credit Union and their guests, about 65 in all, enjoyed a sumptuous smorg before getting their annual meeting underway in the Community Hall, February 22.

President Gordon Willas acted as master of ceremonies and Albert Lesburg, immediate past president, was chairman of the nominating committee. Head table guests were Mr. Lesburg, Blanche Holliday, representing the supervisory committee, Chris Bendick, director and recording secretary; Paul Bouchard, chairman of

the credit committee; Harold Vague, vice-president; Leo Alain, manager and Mr. Willas. Special guests introduced were Al Shorten of the Credit Union Federation of Alberta, Jack Letts, provincial examiner of Credit Unions, Ernie Jamison, MLA and Earl Toane, NDP candidate from Gibbons.

Mr. Les Dutton was elected to the board of directors, replacing Mr. Peter Shewchuk who resigned due to pressures of business. Re-elected were Chris Bendick, Gordon Willas and Hubert Lamoureux. Completing terms of office on the

seven-person board are Harold Vague, Albert Lesburg and Albert Hauptman. At the March 3 meeting the board re-elected Gordon Willas as president and Chris Bendick was elected vice-president.

Dwayne McCord was elected to the vacancy of the supervisory committee. Nominations from the floor for this position were Marcel Ahronson and Marcelle Taille. Completing terms on the committee are Bill Stewart and Blanche Holliday.

The credit committee members appointed by the Board of Directors at their March 3 meeting are Nick Koch, Paul Bouchard and Eleanor Montpetit. Completing terms on the credit committee are Doug Taylor and Ken McAmmond.

Mr. Letts, provincial examiner brought greetings from the Provincial Department of Agriculture, "under which our branch operates." You have seen excellent results in the annual reports and should go nowhere but up from now on, he said.

Al Shorten congratulated the Credit Union on surviving a tough year. A Credit Union with assets of one million is at a critical stage of its development, he said. You moved into your new building - faced higher costs, and in 1974 found also that you really did have all the resources you needed. He commended the Credit Union on their 13 and one-half rate average and the 5% dividend paid. Part of the assets and

other things you own are the Credit Union Federation of Alberta and The Canadian Co-operative College at Saskatoon, he told the audience. The college is well recognized and their staff has served a resource function to the U.S. Government.

Credit Unions, Mr. Shorten went on now have assets in total larger than two of our chartered banks. You are

part of a big movement, concluded Mr. Shorten, and congratulated the St. Albert branch.

The meeting heard financial and committee reports and a number of questions were answered. Membership continues to grow and assets increased in 1974 by 30% to \$1,648,828. Following adjournment at 9:45 an evening of dancing was enjoyed.

Women and social change

Women and social change, a four day workshop will take place in Edmonton, March 20 - 23. The conference will explore the use of the media as a tool for social change.

Workshops will offer

hands-on media experiences, focusing on women's issues. Resource people from across Canada will participate. Some topics to be discussed include: media co-ops, strategies in community work, funding, feminist puppetry, media as consciousness-raising tools, newsletters, publishing and film.

Men and women are invited to attend individual sessions or to participate in the full four days.

For registration information, contact 'Communities,' 482-4044 and the Department of Continuing Education, University of Calgary, 284-5341.

Play about Newfoundland

A play about Newfoundland life receiving its first staging in Western Canada will run at the Centennial Library theatre, March 12 - 23.

"The Head, Guts and Sound Bone Dance" tells the story of three elderly Newfoundland fishermen trapped by time and a way of life they had followed since boyhood.

An hour long TV version of the play was shown on CBC last fall.

The play was written by Michael Cook. For ticket information call Theatre 3 - 426-6870.

St. Albert Parish Kindergarten

REGISTRATION 1975-76

WEDNESDAY, APRIL 9 -- 7:00 P.M.
St. Albert High School (Main Entrance)

Parents are responsible for registering their own child. Please have one parent attend in person. The child must be five years old prior to March 1, 1976. There will be a \$2.00 registration fee.

School provides lunchtime alternatives

Staff and students line up for noon lunch in the Home Ec Room at St. Albert High School. Connie Bokenfohr, left; Mr. John Marchand, Phys. Ed. instructor and Monique Wertmann are being served by Patricia Sheehan.

Photo by Paul Gervais.

Forget your lunch? Fed up with sandwiches? Wish there were an alternative to the candy and cold drink vending machines?

Since last October, any student or teacher at St. Albert High looking for something a little different for lunch can go down the hall to either the Student Lounge or the Home Economics room and buy an apple or a glass of milk for 15 cents, or a bowl of soup for 20 cents. If it happens to be a Wednesday or a Friday, hot dogs with mustard, relish, catsup and onions are also available, for 35 cents.

This noon lunch service was initiated when an informal survey among the Food Science students revealed that a disturbingly high percentage of the students surveyed ate little or no breakfast, had an inadequate or no lunch and depended to a startling degree on the school vending machines for a substantial part of their nourishment during the school day.

"The School Board should give us a cafeteria!" said the students.

"Why not do something about it ourselves?" said the teacher, (who also had extra

activity for several hyperactive, under employed students in her overenrolled class in mind).

All kinds of ideas for providing food for the school population were immediately offered. Finally the above mentioned menu was decided upon as being manageable, and as meeting the goal of providing some alternative to sandwiches and/or candy bars for lunch.

THE SOUP MENU

Five basic soups - tomato, beef barley, beef vegetable, chicken rice (the favourite) and split green pea - were costed and prices established for the soup and the other items to be offered for sale as well. School clubs were contacted to invite participation in the project.

Two three-gallon soup kettles were purchased. Eight dozen bowls and four dozen spoons were acquired from a dealer liquidating discontinued lines of restaurant equipment. Other spoons were donated by students in exchange for a free bowl of soup for each spoon brought. The students made tablecloths for the Home Economics tables and the Art

classes donated centrepieces.

Every afternoon the food science classes make soup stock from beef or chicken bones and chop up vegetables. Overnight the ingredients are refrigerated. The next morning the soup is placed on the stove to simmer, the fruit is prepared and the bowls and crackers are set out.

OTHER TASKS SHARED

At noon the participating

club takes over. The students sell the tokens for the various items, do the serving, wash up the dishes, and tidy up the serving areas. Profits are shared between the participating clubs and the food science classes.

A student volunteer acts as a purchasing agent for a dollar a trip and soup tickets for the week. He makes weekly trips to the Auction Mart for vegetables and to a wholesale for crackers, soup

base and mustard.

A steady clientele of customers has developed, and soup sales average about 350 servings a week, hot dogs 16 dozen, milk eight quarts and fruit about four dozen pieces.

A school cafeteria would still be a great idea, but in the meantime a reasonably cheap and nourishing lunch is available, and best of all, the students are doing it themselves.

St. Albert High School

MARY LEA McNALLY

Mary Lea McNally has been chosen by the St. Albert High School as one of 21 Alberta students to participate in an "Inter-change on Canadian Studies" in Winnipeg from May 2 to May 10. Mary Lea was chosen from several candidates who applied. Criteria used in selecting the candidate were: Academic achievement and knowledge of Canadian issues, proficiency in the social skills, and department. Ron Meleski was chosen as the alternate.

At the conference, an annual affair, delegates from high schools throughout Canada will participate in activities led by many eminent Canadians. Mary Lea should be able to bring back

to St. Albert High many interesting and new insights into our country.

The project is being funded by the Department of Secretary of State, Air Canada and C.P. Air, and the St. Albert School District No. 3.

St. Albert High School wishes to thank School District No. 3 for its funding of \$150 towards this worthwhile project.

Weekend program taught new concept to Guide leaders

"Discovery" is a new word in Girl Guide jargon. It isn't a new program its just a new approach guaranteed to provide Guides with an exciting learning and funding experience.

Fifty Guiders from Tamarac and Pine Acres area attended a "Discovery" weekend training session at Sir George Simpson School. Anne Peters, Hazel Snyder,

Carol Laden and Janice Fenwick, a team of trainers came from Calgary and Parkland explained this new concept and how it could be used.

This idea was inaugurated in 1973 when statistics showed a decline in Girl Guide membership. Several Alberta companies were used in 1974 to pilot the project. It was a success and it was

found that companies increased in size and attendance improved. The older girls seem to have a more responsible attitude towards their younger members. The spirit was there and "Discovery" intends to keep it there.

Baden-Powell, the founder of Scouting, once said "Expect a great deal from them and you will get it." This new concept makes the program flexible - the girls can make choices and follow their own interests. This gives them more scope and results in growth making them responsible citizens now and for the future. So often in the past badges have been stressed and its resulted in competition. For many this was not interesting, the fun was absent. "Discovery" will put the fun and interest back into Guiding.

Some examples of the activities the girls can choose from are as follows:

- Cook a foreign dish
- Make papier mache Easter Eggs.

•Keep a log of spider web building.

•Make your own toboggan

•Learn to weave.

•Go on a pond dipping trip

•Cook in a paper bag

•Fill a terrarium.

By brain-storming every idea is talked about then the girls decide what activity they will do. Lets face it if a person is interested you will have 80% participation, if your not interested its lucky if you get 20% participation.

OUTDOOR PROGRAM

Janice Fenwick described how this concept could be used in the outdoor portion of the program. She felt "Acclimatization" was the answer - this is a sensory and conceptual approach to ecological involvement. So often people are put off nature because they can't label things with names. Is it necessary? With this approach our senses are used to describe how one feels about flowers, trees etc. A person becomes part of his surroundings and experiences a more lasting impression.

This is "Discovery."

1975 is "Guiding on Move" year if "Discovery" is adopted by all our companies it will be on the move for many more years.

Thanks goes to Mrs. Georgie Tupper, area training

chairman and to Wref O'Hara, area commissioner for organizing and making this weekend possible. The local associations from St. Albert provided us with hearty thanks as well.

Nickerson enters Science Fair

PROJECTS FROM nuclear energy to steam power; that's what these 10 students from the Leo Nickerson Elementary School have chosen to take to the Edmonton Regional Science Fair, April 18-19 at the M. E. LaZerte School. The projects were chosen from 34 underway at the Leo Nickerson School. The students selected their topics back in January with an Open House and Science Fair March 5 where projects for the regional fair could be chosen. From left, back row are: Elaine Luder, 10, Karen Brown, 11, Donna Sinclair, 12, Dawn Hanna, 12, Sonny Heselwood, 12. Front, from left: Donna Burrows, 10, Alison Irwin, 9, Sygun Krey, 11, Laine Pickle, 10, and Dale Thronson, also 10.

Ten budding scientists at Leo Nickerson Elementary School will be submitting entries to the Edmonton Regional Science Fair which will be held at the M. E. LaZerte Composite High School on April 18 and 19.

The students' entries include among other items: Steam Power, development of fertilized eggs, and nuclear energy. The selections were made from a very

impressive display of exhibits put together by Nickerson students during Education Week.

The students whose exhibits will go forward to the Regional Fair are: Alison Irwin, Dawna Burrows, Sygun Krey, Laine Pickle, Elaine Luder, Dawn Hanna, Donna Sinclair, Donnie Heselwood, Dale Thronson and Karen Brown.

Much credit goes to tea-

chers Kay Gafuik and Sylvia Lui for their help and encouragement.

Congratulations on your work so far and good luck at the Science Fair!

Overheard: "We had a tough day at the office. The computer broke down and everybody had to think."

"I'm supposed to tell you there -will be a small parent-teacher meeting tomorrow night," said the boy to his dad.

"Well, if it's going to be small, do I have to go? asked the father.

"Oh yes," replied the son. "It's just you, me, the teacher and the principal."

Royal Canadian Legion presents essay awards

Senior essay winners in the Royal Canadian Legion contest are presented with cheques and certificates by Walter Thomas, left, zone commander RCL and Percy Rossiter, district commander at Paul Kane High. Winning students are Stephen Leggett and Gayle Gouchey. Gayle's entry went on to the provincial level of the national competition.

Presentations to essay winners have now been completed to students of St. Albert schools who entered in the essay competition sponsored by the Royal Canadian Legion, St. Albert Branch. Students of junior and senior high chose from themes surrounding the observance of "Remembrance," a literary contest sponsored annually by the Legion since the end of the War, culminating in a national winner, and a prize of a handsome purse, and a trip to Ottawa.

As in previous years school teachers and principals allowed and encouraged students and helped in the judging of the many essays and poems from most schools in the town. Out of the many fine, and the not so fine literary efforts all showed honest opinion, and the finalists were announced, two in each of the senior and junior essays and two in the

junior poems.

The six successful finalists went on to Zone eliminations where entries from 20 sponsoring Legion branches in Edmonton and surrounding area comprising Zone 1 of District 2 of the R.C.L. were gathered by Zone Commander Wally Thomas of Ft. Saskatchewan. His final selections were entered in the District finals under the eye of District Commander Percy Rossiter. His eight finalist entries now sit in Provincial Command headquarters in Calgary. Only two finalists will be chosen from each province in each event for the Grand Dominion Prize. Among those now at the Provincial level is an essay submitted by Gayle Gouchey, 47 Gladstone Crescent and a student of Paul Kane High.

For the contestants whose efforts were all appreciated, certificates of merit, and cheques, were presented to

first and second prize winners by officers of the Royal Canadian Legion at the schools on Feb. 18 at Sir George Simpson School, Feb. 27 at Lorne Akins and March 5 at Paul Kane.

In the senior contest first prize was \$20 and second \$15. First winners received \$15 for first and \$10 for second place.

To award prizes to winners, President Reg Bremner of the local Branch with Welfare Officer Rudy Schriber, invited Zone Commander Wally Thomas of Fort Saskatchewan, and District Commander of District 2, Percy Rossiter, of St. Albert, to make the presentations at the three schools.

Receiving the awards in the junior class poems were Carol Goddies of Sir George Simpson School for her prize winning poem with runner-up Bruce Billingsley, also of Sir George Simpson Junior High.

In the junior essay class, Amy Vettegreen of Sir George Simpson School took first with Shawna Thronson of Lorne Akins Junior High coming second. In the evening of March 5 Miss Gayle Gouchey received her two cheques as branch and district awards, a medal, and framed certificates, and Stephen Leggett of Paul Kane came second but was eliminated from further competition at zone level.

So now fingers are crossed that Gayle's fine essay Remembrance will be favored by the provincial judges in Calgary, in the next few weeks. This will not be the first of St. Albert students reaching this level of competition as two previous Paul Kane students, in two successive years have gone this far. As they say - Third Time Lucky -- Perhaps talent will tell again this time. Good luck Gayle, the three hundred and seventy-five Legions of St. Albert Branch are supported by all of District Two from Calmar to Morinville, from little Gibbons to mighty Montgomery, and all are pulling for you, but, win or lose you're still our favourite.

St. Albert High honours Lorne Wood

LORNE WOOD

On Thursday, February 27, St. Albert High School said thank-you and good-bye to Lorne Wood who is leaving the high school to take on a new job as the executive

secretary of the Alberta Schools' Athletic Association.

The students and staff met at an assembly where Mr. Wood was honoured for his dedication and his many years at the school. The staff presented him with a digital clock radio and a presentation of an attache case

came from the students. It was a touching moment when a standing ovation paid tribute to Mr. Wood indicating how popular he is, and how much he will be missed. Lorne Wood started with the St. Albert School District in 1959 and taught for three years. In the fall of 1962 he was in Sydney, Australia

where he taught for six months spending the remainder of that year travelling in Europe.

On his return, he spent one year with the Provincial Government as supervisor of athletics in the recreation branch. In the fall of 1965 he returned to the St. Albert School District #3 where he continued to teach except for the one year spent at the U. of A. completing his Masters in Physical Education.

We all wish him well in his new job as executive secretary of the A.S.A.A., where he will be helping to co-ordinate and organize high school athletics in the province along with the provincial executive. Although he will be very much missed at the High School, it is good to know he won't be far away - working down the hill at the Percy Page Centre.

Mr. Wood is on leave of absence from St. Albert School District #3 until the end of the 1975-76 term.

Annual Lenten March Seventy-Five

The Mover's Club of St. Albert is again organizing a 25 mile walk for the poor. This year's project is called "Annual Lenten March Seventy-five" or abbreviated - A.L.M.S.

The walk will take place on March 28, Good Friday, starting out at about 4:30 from St. Albert. The walk is from St. Albert to Villeneuve and back. All proceeds of the walkers' efforts, of course, go to Share Lent. Because of

our government's policies of matching each dollar we make, and because of the generosity of the citizens of St. Albert, the walks in past years have been great successes.

If you are an adult or high school student and would like to participate in the walk, or if you would like to sponsor someone walking, please phone 459-6734 or 459-6691.

Local teen group to hold dance

St. Albert Youth, a group formed by and for St. Albert teens, is holding a dance on Friday, March 14 at the St. Albert Community Hall. Fund raising and promotion of the new organization are the main objectives of this first activity.

About a year ago, a group of St. Albert teens called Teen Reaction surveyed the opinions of 200 junior high and high school students on activities they would like to see in St. Albert. The results indicated a real need for a group to help teens get these activities provided. This year a group called St. Albert

Youth was formed and is now incorporated under the Societies Act. It is directed by an executive of six youth who together represent junior and senior high schools in both systems.

Now that S.A.Y. is established, it is hoped that the dance will attract a large number of members so that it can truly become the voice of young people in St. Albert. At future meetings, S.A.Y. will explore the social, cultural and recreational needs of St. Albert teens. Some of these needs will be filled by S.A.Y. through activities and services provided by youth

for youth, such as the dance on Friday. Other needs will be provided by proposals made by the S.A.Y. to the town council and its various departments.

S.A.Y. can give the youth of St. Albert a voice in their community. The more who get involved with S.A.Y., the stronger and truer their collective voice will be. The executive hopes to see you at the dance where they will have more information available on joining and participating in S.A.Y. and in the community.

Doug Horchuk and Kim Smith (centre left and right) executive members of St. Albert Youth, met with the band, Calaan, this week to finalize their plans for the dance this Friday at the St. Albert Community Hall.

Vital Grandin hires community school co-ordinator

A Community School Co-ordinator has recently been added to the staff at Vital Grandin School. Mr. Glenn Connelly is now working at the school with principal, Jack Patterson and his teaching team. His primary function will be to encourage and facilitate a greater interaction between the school and the community in the Vital Grandin service area. Community education programs, or perhaps (the more generally accepted Canadian terminology - "community use programs") has been thought of as a separate after-school series of activities consisting mainly of adult classes or the use of the school gymnasium by cubs, scouts, and girl guides. It was the "frosting on the educational cake" motivated not infrequently if we were entirely honest with ourselves, by a desire to pacify the ratepayers by illustrating how well we were using our school buildings.

Certainly, school buildings represent huge investments of money. Yet they often are used only for a few daytime hours, and left standing vacant and unproductive during the evening hours when not only adults but children and youth need them for learning and recreation. With the addition of very small sums of money these school plants can double their hours of use as well as the number of people served. But beyond this, there is a growing conviction both in educational circles and by the general public that 9 a.m. to 3:30 or 4 p.m. schooling for children does not constitute an adequate educational program for the kind of society in which we live. It is the entire community which, in reality, educates all of us.

"Community Life in a Democracy" - W. Carr.

An important object of the

Community School Program is to provide availability of school facilities on a year round basis. Glenn will also act as a resource person to the school's teachers, allowing them and the students free and easier access to the interesting and educational resources found within St. Albert and surrounding dis-

trict. He is now in the process of familiarizing himself with the community and the people who comprise it. Anyone, parent or otherwise, interested in assisting or just discussing the program is invited to call Glenn at the school at 459-7418 or 459-3632.

EIGHT YEAR OLD city police dog "Monty" makes friends with students from the Lorne Akins Junior High School, last Friday afternoon as part of the Education Week program. Just before making friends, he was performing jumping, obedience and attack work with his handler Sgt. M. Vallemand. With Monty are, from left, John Jennings, Shannon Morgan, Gaye Quick, Cathy Peters and Linda Fabian, 12 year old students at the school.

International Student exchange

The International Student Exchange Program, in association with Intercambio Internacional De Estudiantes, A.C., is now receiving applications for the summer program. Families who can host a boy or girl (age 12 to 16) from Mexico may now apply for July and August.

From good homes, good schools and selected on their potential for leadership, these

young people wish to practice English and learn our way of life by participating in your regular family activities. Your boys and girls (age 12 to 16) may apply now to spend their summer vacation with a Latin American family on the same cultural exchange plan.

The exchange student plan has been active in the Edmonton area for the past few years with thousands of young people spending two months in the United States and Canada, Mexico and Central America, as members of the program.

If any further information is needed please contact the local delegates, Dr. Cecil and

Peggy Marriot at 452-3021 or Mr. Norman and Denise Ashdown at 467-5272.

Fortune Realty Ltd.'s Top Saleslady for 1974 - Mrs. E. Larocque received the trophy for the second consecutive year for her accomplishments. She wishes to thank her many clients. Please call Edna for prompt courteous service for all your real estate needs.

Accent on Akins

MAYOR RICHARD PLAIN discussed the various aspects of local government with an extremely interested group of students at Lorne Akins Junior High. Mayor Plain noted that everyone contributes to decision making process although a group of seven individuals are elected to vote by the electorate. Mayor Plain addressed the students as part of the Education Week activities at Lorne Akins School.

we had speakers from all heights of existence. Rusty Patenaude spoke to classes of life as an Edmonton Oiler; Bob Layton from CHED visited some classes; a Kung Fu expert introduced others to the art of "perfect

physique and perception." Mayor Plain graced the school with his presence; a police dog displayed complete obedience to its trainer (a good example to be followed by some students?); even a mortician entered

these hallowed halls of education to teach us the trade. Many other interesting people in worthwhile occupations also spoke. In total, I think that every student learned on Friday, and for this, I congratulate Education Week.

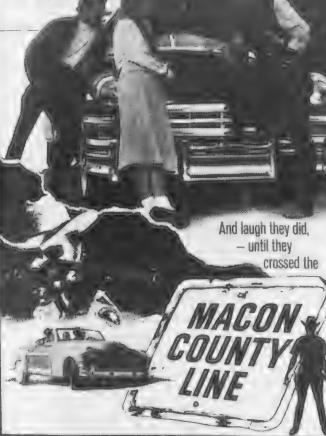

CAPT. DON FISH OF SEARCH AND RESCUE with the Canadian Airforce, relates the ups and downs of his career to students at Lorne Akins Junior High. Capt. Fish has been with the RCAP for over 20 years and has been stationed in all parts of the globe before taking on the position with Search and Rescue. A number of speakers participated in the Education Week activities.

BOB LAYTON of CHED radio talks to Lorne Akins students about the wide world of the media during Education Week activities at the school last Friday.

A RESTRICTED ADULT PROGRAM STARTS THURSDAY MARCH 13

3rd BONUS HIT FRI, SAT AND SUN 'WILD RIDERS'

ST. ALBERT DRIVE-IN GATES OPEN 7:30 Free In-Car Heaters 459-6833

By Carolyn Seita One or two weeks have passed and no word has issued from the mouth of this lugubrious reporter to the Gazette. For those interested and wondering, Lorne Akins Junior High is alive, well, and planning.

Friday, the 12th of February, found itself encumbered with another dance, in honour of Valentine's Day. "The Great Canadian River Race" presided and students floated on a whirlpool of music for three hours.

Undaunted by tired feet and sore ankles, Lorne Akins School engaged, nine days later, in a winter carnival. The sun outdid itself, as did our sports conveners, and the sum total was nearly perfect. Everyone laughed, as they fell, hopped and rolled in and out of sacks, wobbled on five legs down to the skating rink, and endeavoured to build a fire and boil snow on the frozen school parking lot. Other events, such as the snowshoe race, the slide contest, speed skating, and tug-of-war, were met with equal enthusiasm. Members of every class engaged to pull their teachers on a toboggan across the snow-covered soccer field, considering the varying degrees of size in these fountains of knowledge only as a challenge. The day ended a success.

By virtue of various sales and dances within the school, the Students' Union is now able to report a more than adequate treasury. Needless to say, we will find ways of frittering the green stuff away before the end of the year. Various methods are already being studied.

March 21 has been selected for another dance, this time for Easter. A CHED guy will hopefully conduct the evening with records and the occasional turntable. The Science Club plans to add some nutrition to the frolic and is going to hold a hamburger sale. The evening of March 19 will see a fashion show here at Lorne Akins. Students of home economics have gotten together with their teacher to plan this affair and are modelling clothes created by their own hands at the sewing machine in the home ec. room.

EDUCATION WEEK

This last Friday was an entertaining and educational one for all in our school, to celebrate Education Week.

Morinville Seniors pull up their socks

Sunday Morinville Seniors won their first game against Villeneuve after losing the first two final games of the Sturgeon Valley Hockey League.

Tuesday was the first battle between the two senior teams and a battle it was. The first period of hockey was fast skating with George St. Laurent and Richard Wright scoring for Morinville and Neil Ross picking up the single for Villeneuve.

The second and third period it appeared Morinville wasn't as "in" the game as they should have been and, like a chain reaction, began drawing penalties; some of

them cheap, but two minutes worth regardless. This seemed to spark Villeneuve and in reverse frustrate Morinville. It was a bad game penalty-wise for both teams. Morinville drew one game misconduct in the second period and lost two defencemen with match penalties in the third period. Villeneuve lost their goalie also with a match penalty.

Ryan Park and Rod Arthur made Morinville's two last goals of the second period with Villeneuve also scoring twice. In the third period Villeneuve put in three more to take the game 7-4.

Friday's game seemed a repeat of Tuesday. It was a rough chippy hockey game with Morinville taking 15 penalties and two misconducts and Villeneuve 13 penalties and one game misconduct. This was not good hockey to watch or play when approximately 30 minutes of the game was spent in killing penalties. However, three periods were played and Villeneuve took the game 7-4.

Sunday Morinville had their backs against the wall. It was do or die. Villeneuve with two games in hand and champagne in their dressing room were prepared for a win. The Seniors on the other hand knew they had to skate, and skate they did. The first two periods Morinville seemed a bit shaky due possibly to the altering of the lines, but, with a lot of help from our goalie John Downs, Morinville ended right in the

game. Villeneuve scored twice in the first period and Richard Wright unassisted made Morinville's single. Again in the second period Villeneuve put two in while Fred Hesse scored for our team. Coming out for the last period Morinville players were filled with sheer determination. A real team effort was displayed and payed off with Morinville putting three goals past Ken Kachaluck and taking the game 5-4. O'Neill Chevalier scored the third goal at 1:42 to bring the Seniors back into the game and at 19:00 Ole Jensen put the tying puck into Villeneuve's net. Excitement ran through the crowd and before the cheering lulled Fred Hesse drove in the winner, only 19 seconds after Ole's. The fans roared and players cheered. The remaining seconds of the game heard no silence from the stands of either side.

When the final whistle blew some 600 fans filled out of the Morinville Arena. I'm sure well satisfied with the money they spent for Sunday afternoon's exciting hockey game.

Tuesday the series moved to Legal and if Morinville won they will be back home Friday at 8. Here's hoping.

ATTENTION Hockey Coaches

League playoffs are just around the corner and all last year's winning teams are asked to drop off team trophies up for annual competition at the St. Albert Sports Shop as soon as possible.

Team uniforms and equipment will be picked up from teams upon completion of their last game of the year. This is always a sore spot with most coaches but it will save a lot of running around by the Kinsmen during the summer. Please advise the boys to keep this in mind for their last game.

Fire Chiefs reach Zone final again

St. Albert Fire Chiefs advanced to the zone final for the second straight year at the weekend, bouncing Barhead from the provincial playoffs with 12-6 and 7-0

The St. Albert bantam representatives will now come up against Drayton Valley Norette Oilers in a two-game total-goal series to be played sometime this week.

The Fire Chiefs had earlier ousted Stony Plain and Ledue. Drayton Valley had eliminated Edison and Jasper.

It will be the second playoff meeting this season for Chiefs and Oilers. Chiefs bumped Oilers from the Central Alberta Bantam Hockey League semi-finals with 7-6 and 9-7 victories.

Chiefs had little trouble against Barhead, even though in the opening game here Saturday they only held a 5-4 lead with 17 minutes

gone in the second period. They scored twice before the period ended and pretty well made it a rout in the third, as Barhead, a much smaller club, couldn't keep pace.

Larry Sander had three goals for Fire Chiefs, his 48th, 49th and 50th of the year, matching his total for last season. He also had two assists for a total of 36. He had 41 last season.

Kenny Young also had a five-point night, getting two goals and three assists. Rick Kreway and Andy Genth each had two goals and two assists and Pat O'Neill had a goal and three assists. Murray Riddell and John Parker got the other goals for St. Albert.

There were nine penalties in the game, Chiefs getting three.

Chiefs played minus their two biggest defencemen. They weren't dressed because they had skipped a

practice, a rule that is being strictly enforced as Chiefs wind their way down the playoff trail.

Chiefs led 2-0 after the first period in Sunday's game and 6-0 after the second. Todd Murray played a steady game in goal to record the shutout.

O'Neill paced Chiefs' attack with three goals. Riddell had two and John Provencal and Kreway got the others. Marly Scheibelhofer had three assists.

Chiefs picked up eight of 16 penalties called, nearly matching their total for their three previous playoff games when they had only nine.

One of the penalties was a major to Scheibelhofer for fighting with Ken Marry of Barhead. It was a scrap that produced more laughs than bruises but the referees failed to see any humour in the situation and chucked them both.

Large crowd sees Combines take series

A fine turnout of local people were treated to some fantastic pee-wee hockey last weekend when Sherwood Park was in town. During the year rivalry between the two communities has built up, with many close and hard-fought matches. It was at a peak Saturday night as the locals jumped into a quick two-goal lead, only to have the Park come roaring back with three markers to finish the first period with a 3-2 lead.

In the second period the Combines really came on strong, quickly evening the score. But the Park kept on coming. For the last two periods superb goaltending by Ben Chabot and good skating and back-checking by the team frustrated the visitors and the game ended in a 7-4 victory for the Combines.

Goal-getters were Keith Heyburn and Tim Schrader with two each and each boy had one crowd-pleasing picture goal. Singles went to Sonny Gramlich, Ken Myer and Brad Scott.

In Sunday's game things were no different. The two teams picked up where they left off Saturday night, with the exception of Troy Murray. After being checked very closely the night before, Troy displayed some beautiful stick-handling and skating for the Sherwood Park fans, plus getting two goals. Ron Malo gave a brilliant performance in the net in this game.

But the Park - down three goals in the series and wanting badly to win, were demoralized when Gary Kunz scored with the first period only 30 seconds old. From that point on the fans witnessed a remarkable dis-

play of back-checking by the entire team, absolutely frustrating the Park throughout the game. Kevin Jackson and Paul Kelly each got a goal also.

One of the most heart-warming aspects of the weekend action was the fan support. For Saturday's game a crowd of about 300 supporters were on hand and on Sunday about 125 took in the game at Sherwood Park. It was also pretty nice to see some of the coaches from the house league and this kind of support made a big differ-

ence to the kids.

Mr. Gary McCallum of Capital Cable T.V. and his staff televised both games, and for St. Albert fans that could not make it to the games, both will be televised in full on Channel 11 from 7 p.m. to 11 p.m. Tuesday, March 11. You will be treated to some real good entertainment, so a big thankyou from the team and management to Capital T.V.

The Combines will now take on the winner of the Medicine Hat - Lethbridge series.

FAST-MOVING HOCKEY

KINSMEN MINOR HOCKEY

Standings include all game sheets picked up from arena box prior to 10 p.m. Sunday night. Almost all leagues have some very important make-up games and all coaches are asked to make every effort to complete their schedule. Only four top teams in the mite, pee-wee and bantam leagues will make the playoffs. The top four teams in shaver will play for a A trophy and the next four will play for a B trophy with the

last four teams out of the playoffs.

The midgets will again have the popular Big Iron tournament with all six teams playing.

The three team juvenile league will see all teams in playoffs. Coaches making playoffs will be notified as soon as positions are known and all playoffs will be a two-game total goal series.

Comets win opener in league series

St. Albert Comets took a one game lead in their best of five semi-final series with a 4:1 win Friday night over Sherwood Park Barons in St. Albert. Comet defenseman Bob Beaulieu opened the scoring with an unassisted goal while killing a penalty with team-mate Randy Clark in the box on a roughing call. Barons tied the game in the first minute of the third period when John Kleinschroth beat Comet goalie Mike Stewart from close in.

Wally Monson scored what proved to be the winner on a power play goal at 5:17 of the

third with Clark and Mike Stewart assisting on the play. Clark put the Comets' two goals ahead at 6:28 with Monson and Beaulieu helping out. Perry Pearn scored the Comets' fourth goal at 18:41 with linemate Harvey Kirkland getting the assist.

The second game was played on a tight but no score was available at time of the paper going to press.

In the other Edmonton Central Hockey League semifinals, Fort Saskatchewan Huskies lead Westlock Eagles two games to one in the best of five series.

Media Contest at Sport Show

Edmonton and district media representatives will be competing against each other again this year at the Edmonton Boat, Trailer and Sport Show which starts on Wednesday, March 12.

The event this time will be a "quick draw showdown" with television, radio, newspaper and magazine personalities testing the speed of their draw against an electronic gunslinger affectionately known as "The Klondike Kid."

Contestants will be shooting for a championship trophy and \$195 in prize money, awarded to the media marvels with the

fastest quick draw times. These contests, besides providing the scene for some friendly, good-natured inter-media competition, have also proved to be a big favorite with boat show spectators.

Dwayne Wayne, of the St. Albert Gazette, won the media "Duel of Steel" knife throwing contest last year, defeating Jim Elliot (CFRN-am) and George Kelso (CFRN-FM) in a tense tie-breaking throw-off.

The "Quick Draw Showdown" preliminaries will go March 12, 13, 14 and 15 with the finals on March 16, the final day of the boat show.

Barons gain zone berth in sudden death with Leduc

Left winger Paul McCann's backhanded goal midway through the second overtime period in Leduc Saturday, lifted St. Albert Sportsport Barons into the west central midge "B" zone final, scheduled for this weekend against Jasper.

McCann's winner came in sudden-death overtime, after both clubs played scoreless in the first 10-minute overtime period.

Grabbing a rebound direc-

tly in front of the Leduc netminder, McCann made no mistake when he lifted his shot over a sprawling Kevin Lamont.

The two teams ended regulation time with Leduc ahead 7-5, after Earl Evanlew's drive from the point took a crazy deflection with just 1.08 left in the third period. Leduc had held a 7-4 game lead, and at that time was one goal up in the two game total-goal series. St. Albert won 3-1 on home

ice Thursday.

WILD FINAL

The wild and highly exciting final contest saw Leduc leading 3-1 by the three minute mark of the second period, only to have St. Albert capitalize on a series of Leduc penalties and go ahead 4-3 in the game, and 7-4 on the road.

However, three successive goals by Leduc in the final four and one half minutes of the middle frame tied the series 7-7, and set the stage for a highly entertaining third period, which was unfortunately destroyed by two questionable refereeing calls in the dying two minutes.

Leduc went ahead 8-7 in the series with a goal five minutes into the third period, but then took a costly penalty with just over two minutes remaining, setting the stage for Evanlew's tying marker.

After Evanlew's marker, the referees ordered the final minute to be played straight time, and when time quickly ran out, called the game, even though the series was tied and overtime was required.

One referee informed the Leduc coach he had to leave because he had another game to referee in Edmonton, and refused to discuss the tie situation.

St. Albert players began unrelenting, but a call by Leduc officials to CAHA representative Doug McKenzie, saw McKenzie order the referees back on the ice.

Several St. Albert players by that time had dressed, and another minute on the telephone call would have seen at least half a dozen players in cars and on their way back to St. Albert, unsure of what the final outcome of the series was, or where and when it would be played. As it was, some St. Albert supporters had left the rink and were on their way home. They never saw the final outcome.

McKenzie ordered the last 1:08 to be replayed because of the straight time situation, and St. Albert's Graham Brown came close to winning it in regulation time, but he failed to beat Lamont from a close-in angle.

Both clubs took a brief breather, and then went into a straight 10-minute overtime.

Goalender Dennis LaFleur made two sharp saves, one in the opening minute and another in the dying seconds, to keep Leduc off the scoresheet, although St. Albert had the better scoring opportunities overall.

The two clubs then switched ends and after one close call in St. Albert's end, the Barons began exerting pressure and had Leduc hemmed in their own end for most of the time.

Best Hunt took the all important faceoff deep in Leduc end, passed to right winger Blake Millroy, who cut past his check and let a dangerous shot go that Lamont couldn't corral. McCann, parked directly in front, scooped up the loose puck and made no mistake, and the Barons were in the final.

At the start of the game, Leduc, down two goals in the series, stormed to the attack

and had St. Albert disorganized. Leduc held a 2-1 first period lead with Lloyd Olson getting St. Albert's only marker in the initial frame.

The hometown team held a 3-1 lead when St. Albert captain Terry Leddy stepped out of the penalty box after serving an interference penalty, and broke in all alone on Lamont. But the puck began bouncing and Leddy momentarily lost it, only to stop and turn and then golf it in from 15 feet, to narrow the score to 3-2.

Then three successive penalties to Leduc proved very costly, as first Rod Olson and then Lloyd Olson beat Lamont from close in, and it looked like St. Albert had one foot in the zone final with a three goal series lead.

But Leduc fired back with their final three goals of the period - one while short-handed to again go ahead 6-4 in the game and tie the series 7-7, setting the stage for the third.

Leduc scored on a scramble and for a while it looked like the goal was going to stand up, but then Evanlew blasted his shot while St. Albert was pushing.

The shot, seven feet off the ice, was grabbed at by a Leduc defenceman, only to have the puck deflect in off his glove, and create the overtime situation.

St. Albert took seven minors in the contest, including one in the first overtime. Leduc took 15

minors, one in overtime.

Thursday in St. Albert, Gilbert Longpre gave the Barons a 1-0 first period lead when he drove a shot high into Leduc's net from 20 feet out, after taking a backpass from Hunt, but Leduc tied the game at 5:35 of the second on a shot from a difficult corner angle that somehow eluded LaFleur.

Three minutes later Lloyd Olson took a corner pass from Mark Harmon and Rod Olson while the Barons had a power play, and beat Lamont with a backhandler from the edge of the crease.

Olson's second goal, on a beautiful effort at 15:06 of the third gave St. Albert a 3-1 first game win. Olson

broke in over the Leduc blueline, pushed the puck between a defender's feet, skated around and in all alone on Lamont, and put the

puck high into the right hand corner, for another power play goal.

The Barons scored five power play goals against Leduc, without giving up a short-handed goal in return. But Leduc scored twice while short-handed.

The Barons now enter the zone final against Jasper, with the first game scheduled for St. Albert, 1:30 p.m. Saturday, and the second back in Jasper Sunday.

The Barons also won the zone final last year, and finished second in the province. This year's club has only five holdovers from last year's team.

The winner of the zone final will meet the central Alberta zone winner, probably Wetaskiwin or Red Deer, in a two game total goal series.

Eagles upset Comets in Provincials

Stony Plain Eagles advanced to the Northern Alberta Intermediate playoffs Sunday in provincial playoffs. Sunday with an 8-5 win, to take total goal series over the St. Albert Comets. Stony Plain will now take on the winners of the Grande Prairie-Falher series in A playoffs while the Comets will meet the winners of the Grande Prairie-Falher series in B playoffs.

Eagles won both games of the two game total goal series with a 5-4 win over the Comets last Thursday in Stony and then upsetting the Comets 3-1 in St. Albert Sunday night.

Eagles win Thursday stopped a 16-game winning streak the Comets had going for them.

Comets fell behind 3-0 at the end of two periods of play but bounced back with four, third period goals to take a 4-3 lead with about 10 minutes remaining to play. Don Darling led the way with a pair while Brian Stevens and Bob Beaulieu added the others. Stony Plain took advantage of two Comets penalties in the last five minutes and banged in two

goals to take a hard fought 5-4 win. Comets took 10 of 15 penalties in the game refereed by Ron Panchyshyn.

Sunday's game in St. Albert saw Stony Plain open the scoring at 2:20 of the second period on a goal by Gary Checknia. Comets tied the game at 5:54 on a goal by Bill Schur with Rich Perrault assisting on the play. Ken Wilson scored on a screen shot from the point in the last minute of play in the second period to give the Eagles a 2-1 lead and a two goal advantage in total goals with only 20 minutes to go.

Sony completely dominated the final period with some tremendous forechecking that kept the Comets off balance. Wayne Sieben deflected a shot past Comet goalie Zane Jabeck at 8:18 of the period and finalized the scoring. Eagle goalie Randy Zutz was outstanding and came up with an excellent game. Eagles outshot the Comets 30-28.

Comets will probably travel to the Peace River country this weekend by bus, but their opponents are not known at press time.

ST. ALBERT RECREATION REPORT

PARKS & RECREATION BOARD

At the regular meeting of the Parks and Recreation Board held on Wednesday, March 5, the discussion revolved mainly around the proposed recreation complex.

A public meeting will be held on Wednesday, March 19 at 7:30 p.m., in Sir George Simpson School to give "user groups" a further opportunity to discuss the facilities which could be included in the complex. The Board, in its advisory role to council, is very interested in receiving comments and ideas in relation to the complex.

The meeting of March 19 will follow the "Charrette" format. After a slide presentation showing alternatives for the complex, those attending will break up into groups with specific interests to discuss their needs. These will then be summarized at the re-convened meeting, and hopefully, conclusions reached which will provide information on which council can base their decisions.

It should be an interesting meeting and interested individuals and members of groups or organizations are invited to attend. Written submissions will be welcome prior to March 19 and should be sent to the Secretary to the Parks and Recreation

Board, Mr. Bernie March, Town Hall, St. Albert. They would make a valuable contribution to obtaining a consensus of opinion.

HOCKEY

In this column last week, a letter was mentioned which was received by Bud Gau, coach of the peewee B team, "Big Lake Sud Farm Vagabonds," when he visited Peace River on March 1 and 2.

The text of the letter is as follows: "Would you kindly convey to the parents of the St. Albert hockey players my respects and praise for having boys who are brimming with pep and yet are perfect gentlemen. This is a bunch of boys of which you can justly be proud." It is signed by a businessman in Peace River. Bud is proud of his boys, and St. Albert is proud of both Bud Gau and his boys.

The boys who made such a good impression on their weekend visit to Peace River are: David Blomme, Terry Carter, Pat Gau, Ron Jensen, Michael Hill, Clyde Krier, Terry Nipp, Laurier Plante, Jeremy Roper, Doug Soroka, Allen Taylor, Stu Tupper, Tim Wilson, Ken Hyslop, Geoff Gannon.

HERCULES SPORTS ASSOCIATION

The fee for registering in the Hercules Sports Association is \$6 for a single membership and \$9 for a family. The family membership entitles members of one family to participate in any of the programs sponsored by the Association which at present includes soccer and girls' softball. Information about registering for these two programs follows.

SOFTBALL

Girls, between the ages of

8 and 16 (inclusive), can register for softball on Saturday, March 15 and Saturday, March 22 in Robert Hood School from 10 a.m. - 12 noon on both days.

The signature of a parent or guardian is required on each form and forms will be available at the time of registration or can be picked up at the Department of Recreation in the Town Hall prior to registration.

Anyone interested in volunteering their services as coaches or managers should indicate their interest on the registration form. If not a parent but interested, Frank Veteregreen, the director of the softball program, will be very glad to hear from you. Phone him at 459-8914.

SOCCEER

The final soccer registration for both boys and girls will be held on Saturday, March 15 in the Percy Page Recreation Centre, Mission Avenue from 10 a.m. - 12 noon. No registrations will be accepted after that date.

Boys in the juvenile age group (born in 1957 and 1958) who are interested in playing soccer, must contact Gordon Beckwith at 458-0100 by Thursday evening, March 13. An early deadline has been set for registering juvenile teams in a league - hence the urgency.

There has been a good response from girls wanting to play soccer and they will definitely be a soccer program for girls born between 1959 and 1965 (inclusive) - if there are enough volunteers to coach and manage. Parents, please note!

All girls should attend the final registration on March 15, including those who so far have only given their names; they will be required to pay. Those who have already paid, perhaps through family membership should bring the receipt.

GOLF

A few lessons remain in the learn-to-golf lessons which start on Tuesday, March 18. On that evening everyone who has registered attends at 7 p.m., when films will be shown and there will be general discussion.

The lessons take place in Sir George Simpson School, Grosvenor Blvd. on Tuesday evenings and Saturday mornings from March 18 - April 8 (omitting March 29 because of Easter). Fees are \$6 for adults and \$2.50 for students. Phone the Department of Recreation at 459-6601 for further information or see the advertisement in the Gazette issued on March 5.

CROSS COUNTRY SKIING

Although the cross-country skiing season is on the wane, the St. Albert Nordic Ski Club is still making the most of whatever snow there is left. (The members are probably the only people in town who wouldn't mind one last heavy fall of snow!)

On Sunday, March 16, members are to rendezvous at 1:30 p.m., at the southeast corner of Mayfair Park - follow the route to the parking area which will be marked with blue ski ribbons. After the ski there will be a bonfire and the usual hot chocolate and coffee will be served - what better way to end an afternoon's skiing?

A wind-up supper is being planned - watch for the announcement which will be made when arrangements are finalized.

Although it's a bit late in the season to start the very popular family sport, there may be those who might be interested in knowing what the club is all about and in perhaps joining next year. Phone Ken Rothwell, the membership chairman, at 459-5131 and he'll tell you about memberships, etc., the fees are very reasonable.

DEFENSIVE DRIVING

The St. Albert Safety Council is sponsoring a Defensive Driving Course which will be held in Sir George Simpson School, starting on Tuesday, March 25. A two-hour session from 7:30 - 9:30 p.m. will be held

each Tuesday evening till April 15. Registration will be taken on the first evening and the cost is \$8 per person.

BLOCK PARENTS

What is a Block Parent? It is an adult who is willing to offer his or her house as a refuge to a child who, for any reason, needs adult assistance. A sign in the window will tell the child in trouble that someone lives there who will help.

Further information about the Block Parent program in St. Albert can be obtained by phoning Mrs. Kay Romeril at 459-6208 or Constable Jones, RCMP at 459-7721 - the program is endorsed by the RCMP. Application forms are available at the Department of Recreation in the Town Hall.

FIGURE SKATING

The following members of the St. Albert Figure Skating Club were successful in passing the CFSA Dance tests held on March 5: Dutch Waltz - Sandra Porowski, Debbie Brock, Sandra Dolinsky and Cheryl Forsyth; Dutch Waltz and Canasta Tango - Jeanette Saldern, Carmelle Kirsch and Shirley Tomasovsky; Canasta Tango - Shelly Buma, Cindy Kadar and Patricia McNamee.

Canasta Tango and Swing Dance - Mary Joyal and Karen Beaby; Swing Dance - Dianne Durnall, Kristina Phillips and Sandra Davis; Swing Dance, Fiesta and Willow - Andrea Beaby; Fiesta - Peggy Eyle and Carolyn Goebel; Fiesta and Willow Waltz - Kevin Malinowski; Fiesta, Willow Waltz and Ten Fox - Carolyn Russell; Willow Waltz - Natalie Lassier.

These young people are to be congratulated on these results. They and other members of the St. Albert Club are also busy preparing for the annual carnival which will be held on the evening of Saturday, April 12 and the afternoon of Sunday, April 13. Mark one of these dates on the calendar.

HOCKEY

The annual Midget House League tournament will be held on April 5 and 6. This

tournament is always worth watching.

FAMILY CAMPING

It's almost camping time again. Why not join the St. Albert 69'ers Family Camping Club and get in on the action?

The club was formed in 1969 with the purpose of promoting better camping and allowing members to exchange information. Camp-outs and picnics take place during the summer and in the winter months, members meet on the third Sunday of each month at 7:30 p.m., in the Grandin Clubhouse (beside the swimming pool). The next meeting will be held on Sunday, March 15. Phone Ray Ethier, the president, if you are interested in the activities of the club.

ARENA ACTIVITIES

Playoffs are now in progress, and, as usual, the arena schedule has to be "adjusted" from time to time.

Public skating is therefore cancelled on Saturday evening. There will however, be the normal public skating session on Sunday afternoon from 2 till 4 p.m.

CHILDREN'S GYM

A six week children's gym class, conducted by Kirsty Marshall, will be held in Vital Grandin School starting on Tuesday, April 8.

A class for four and five year olds will be held from 5 - 5:45 p.m., and for 6 - 8 year olds from 4 - 4:45 p.m. The cost is \$3 and registrations are being accepted at the Department of Recreation in the Town Hall.

YOGA

A list of yoga activities, including teacher training and workshops, is available at the Department of Recreation.

ARTS & CRAFTS

Classes being offered by the St. Albert Arts and Crafts Guild in co-operation with the Department of Parks and Recreation, and advertised elsewhere in this issue.

Courses for senior citizens available

Alberta's senior citizens now have the opportunity to attend a wide range of general interest courses or take classes for credit at the University of Alberta.

Under a new program for senior citizens to be held during the spring session May 5 to May 23, they can take courses ranging from creative writing to living on a reduced income, at no direct cost to themselves.

They can also take courses for credit under a special fee rebate system.

The session, a joint venture of the university's department of extension and special sessions office, will be financed by a \$20,000 grant from the provincial government's department of advanced education.

The grant to the Alberta Council on Aging will be administered by the university. It will be used to cover the cost of non-credit courses, room and board for senior citizens from outside Edmonton, tuition fees for credit courses for spouses of senior citizens and transportation costs for participants.

There will be 11 courses of the general interest, non-credit variety. During the

first week (May 5 - 9) the general interest session will offer daily classes in "Creative Writing"; "Living on a Reduced Income"; "Indoor Gardening"; and "The Phenomenon of Aging" (mental and physical alertness, the use of one's skills, etc.).

Daily classes in "Creative Writing"; "Wills, Estates, and Other Finances"; "Rocks and Minerals"; and "Outdoor Gardening" will be taught during the second week (May 12 - 16).

Daily classes in "Music Appreciation"; "Literature" and "Contemporary Canadian Issues" will be taught during the third week (May 20 - 23).

The registration deadline for the general interest sessions is April 17 and since registration is limited, the first-come first-served principle will be in effect.

All residents of Alberta 65 years of age or over and their spouses who may not yet be 65 are eligible to attend the sessions.

The courses were selected by senior citizens as individuals and as members of the Alberta Council on Aging and the Society for the Retired and Semi-Retired.

Witness assembly discusses world's end

The world will not collapse as a result of famine, over-population, or international wars. This was the message delivered to an audience assembled in the Students Union Building on the University Campus in Edmonton, Sunday, March 9.

Con Beauchamp, of the St.

Albert congregation of Jehovah's Witnesses said that there were delegates from nine congregations including 36 ministers from the St. Albert congregation.

Donald Bevan, guest speaker at the convention and a travelling representative of the Watch Tower Society, said that the world will end, but not as a result of the problems that now face man. It will be by the hand of God, by means of a final war called in Revelation 16:14 "the war of the great day of God Almighty." By the use of Bible texts the speaker pointed out that a "great crowd" would survive the world's end with the prospect of living forever on a cleansed earth.

For the witnesses assembled for two days of Bible education, the end of the world is no fairy tale but something they expect to happen during their life time. Mr. Bevan showed how training received at the convention would help them to prepare for their survival to the new order.

There were 729 in attendance on the Sunday afternoon for the public lecture entitled "Stand still and see the salvation of Jehovah."

Town of St. Albert

NOTICE TO RESIDENTS WATERMAIN CONSTRUCTION SUNSET BOULEVARD

In the near future construction of a water supply line will commence on Sunset Boulevard from Hebert Road to the pump station site at 37 Station Boulevard. This supply line will bring in much needed extra water for the Town and it is anticipated that construction will be completed prior to the summer demands.

The installation requires that the contractor, Pawliuk Construction Ltd., will be reducing the width of Sunset Boulevard as the work requires same. Thawing of ground may temporarily cause smoke problems.

Construction will be scheduled so as to cause the least amount of inconvenience to the residents.

The Town is sorry for the inconvenience and trusts to receive the cooperation of the residents during construction of this necessary watermain.

R. L. Byron,
Administrator.

Inuit name for national park on Baffin Island

Auyittuq has been chosen as the name of the National Park on Baffin Island, it was

announced by the Honourable Judd Buchanan, Minister of Indian and Northern Affairs.

A search for an Inuit name that would reflect the nature of the 8,300 square mile park on the Cumberland Peninsula had been underway since its creation was announced in February, 1972.

* Auyittuq - pronounced Ow-you-e-took - means "Land of the Big Ice" or literally, "the place which does not melt."

The name, selected after consultation with area communities, is a suitable one since the park area is dominated by the 2,200 square mile Penny Ice Cap. One of the main characteristics of the park is the work of glaciers. It is also noted for

its spectacular mountain scenery and fjords.

Auyittuq National Park received more than 400 visitors in 1974; almost triple that of the previous year. Many of these are hikers or

mountain climbers from around the world.

Pangnirtung, the park's headquarters near its southwest boundary, is accessible by scheduled airline from Montreal via Frobisher Bay.

AROUND TOWN

If you're Irish, come on in. If your not, come anyway. The Sturgeon General Hospital Auxiliary are sponsoring their third annual "Shamrock Festival" on Saturday, March 15 in the St. Albert Community Hall. Music will be provided by the "Starlighters." Tickets are priced at \$5 per person for an all inclusive evening. If you want a really good time get your tickets now by phoning 459-8496 or 459-4515.

DEFENSIVE DRIVING COURSE

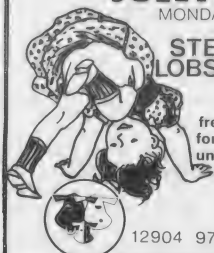

FOR RESIDENTS OF ST. ALBERT

will be held on Tuesday, March 25 and April 1, 8 and 15 at 7:30 p.m., at Sir George Simpson School on Grosvenor Boulevard. Course consists of four, two hour sessions. Registration fee \$8.00 per person. Registration may be taken first night of the course. Sponsor - St. Albert Safety Council, Instructor - Mr. Stan Mill.

*Supplies for Basketry may be purchased from the instructor.

*List of supplies for other classes will be forwarded to those registered.

*Further information can be obtained by phoning - Mrs. Lois Fokina at 459-7344 or the Department of Recreation at 459-6601.

Goodbye to butter warmers

If Energy Minister Donald Macdonald's conservation program works, there could be a significant restructuring in Canadian manufacturing, reports Stephen Duncan in The Financial Post. Macdonald and his officials have plans that include steep taxes on large cars, on some appliances, and an outright ban on products Ottawa deems wasteful of energy. In Macdonald's view, fast-rising energy prices are alone not sufficient to reduce consumption. He wants to compound the impact of rising prices with special tax levies. Automobiles are one important example. Also proposed is an outright ban on products Macdonald has defined as "Energy-intensive and useless." These would be taken off the market - a program administered by Consumer and Corporate Affairs on the advice of EMR. Macdonald singled out heated shave cream dispensers, can openers, instant-on TVs, and butter warmers in refrigerators.

While out of town, a stingy husband sent his wife a cheque for a million kisses for a birthday present.

The wife sent back a postcard which read: "Thanks for the birthday cheque. The milkman cashed it this morning."

GIBBONS NEWS

By Shirley Steinwand
On March 2, 1975, Master Gregory James Briggs of Gibbons, passed away at the age of 11 years. Sincere sympathy is extended to his family Pat and Jim Briggs, Lori and Bronco.

LAST ROUND-UP

A regular meeting of the Last Round-up was held February 27 in the Legion Hut.

Neil Parker was in attendance and took quite a number of pictures of the different activities. The purpose of the pictures are to have enough to be shown in 15 minutes.

In time, Neil will visit every senior citizens group in the province, taking pictures. This is quite an undertaking for a young man taking full time university courses. Neil has a wonderful personality and the senior citizens look forward to his visits. He will show our slides at a later date.

A few games of bingo were played. Mrs. Crockett then spoke about a program in connection with Sno-Ball '75. She would like the senior citizens to put on a number, dressed in old time costumes and sing old time songs. This program is to be held in the school gym on Thursday evening, March 20.

Lunch was served to 34 members and two visitors: Mr. Schavers and Yvonne Pederson's little grandson.

Sean Parker.
Eula read a letter and brochure regarding Senior Citizens visits to Ottawa. Several showed interest and Eula will send for applications. It is in the form of a "lottery." All applications go in a barrel and names are drawn for each trip.

Shella Crosbie was instructed to renew the membership in Alberta Council on Aging. There was some discussion about changing the name from "Last Round-Up." Although not everyone expressed their preference, it appeared no change was made. The name will be placed on the Lion's sign which will be erected at the entrance of the village from highway 37.

GIRL GUIDES

Two girls of the Gibbons area have been very fortunate to have their names chosen by draw for Guiding on the Move.

Chosen by draw to take the Quebec trip will be Ronda Smith, to Newfoundland will be Laurel Melnychuk.

To commemorate their 65th anniversary this year, about 1,000 Girl Guides will be involved in interprovincial exchange trips this summer. The girls will pay part of their expenses and the Guiding organization will pay part.

The girls will wear bright orange jackets, will be billeted in rural areas and will work on local projects. In Newfoundland, Laurel will visit a lighthouse, in Quebec, Ronda will take a boat trip on St. Lawrence.

I'm sure the two girls are very excited about their trip, and I urge everyone to help both Ronda and Laurel in any way they can.

Congratulations Ronda and Laurel!

CUBS AND SCOUTS BANQUET

On Wednesday evening, February 19, a father-son banquet was held for Gibbons Cubs and Scouts. Guest for the evening was G. Gorringer, district commissioner.

A delicious meal of chili, Wieners and beans, etc., was served by the mothers. After the meal, Jim Nault was invested by G. Gorringer as Cub Master; also several boys were invested as Boy Scouts. The parents were then entertained by the Cubs and Scouts, followed by games involving parents. This brought the evening to a close.

Mr. Gorringer expressed his thanks for the invitation to the banquet, and for a lovely meal.

Thanks go out to all the mothers that prepared the meal, served and cleaned up after.

GIBBONS SUNDAY SCHOOL

Gibbons Sunday School will be commencing the new term on Sunday, March 30 (Easter Sunday).

On this special occasion all parents and friends are welcome to attend. It would be appreciated if parents of pre-schoolers register their children. This would be a big help to the secretary.

Gibbons Sunday School is non-denominational. Children of every faith are welcome to attend.

Time of service is 10 a.m., every Sunday starting March 30th.

SACRED HEART PARISH

The Sacred Heart Parish of Gibbons will hold an Irish Supper in the Gibbons Community Hall on Sunday, March 16, 5 to 7 p.m. Admission is - Adults \$2.00;

Children 6 to 12 - \$1.00; six and under - free. Family rate is \$6.00. Everyone is welcome.

Anyone having news for the Gazette, please leave at Box 169, Gibbons, or call Shirley Steinwand 799-9149.

Gibbons Lions Club will hold their annual Ham Bingo on Tuesday, March 18, 8 p.m., in the Gibbons Community Hall. A special prize of pottery and weaving will be offered by the Winnifred Stewart School for Retarded Children. This will be a special bingo game in their behalf.

SKATING ASSOCIATION

This is a reminder that tickets for the ice show "Pot Pourri" on Friday, March 21 are limited. If you do not have your tickets yet, please buy them as soon as possible.

There will be no sales of tickets at the door. This includes parents of children skating. For tickets, contact Shirley Steinwand, 799-9149, afterwards.

Congratulations and best wishes to Mr. and Mrs. Allan Roe (the former Kay Williams) on the birth of a son, January 29, 1975 in the Fort Saskatchewan General Hospital. A brother for Rebecca Lynn and Lori Kay, weight 9 lbs, and will henceforth respond to the name of Thomas Norman. Proud grandparents are Mr. and Mrs. Norman Roe and Mr. and Mrs. Wm. H. Williams, all of Gibbons.

It was with deep regrets we learned of the recent illness of Mrs. Iola Wenger of Radway who is a patient at the Radway Hospital, suffering a stroke. Mrs. Wenger had as usual put in a full day work at the Alberta Hospital, she went to Radway to visit

her son and was taken sick and rushed to the hospital. Mrs. Wenger was most accommodating at picking up others who also worked at the hospital from this district and is being greatly missed by all. We wish her a very speedy recovery. Mrs. Wenger is a sister of our hostmistress Mrs. Hazel McLean of Gibbons.

Get well wishes are extended Arnie Williams who suffered an attack of appendicitis, was operated on the same evening and has been recuperating satisfactorily at the Redwater Hospital.

It seems Mrs. Jean Toane has been having her share of mishaps this winter and spring. The last accident occurred a week ago, when she slipped on ice and broke her wrist. She was taken to the Fort Saskatchewan Hospital where she remained a patient for several days. She is now at home, nursing her badly broken wrist in a cast. A speedy recovery Jean from us all and hope no more accidents.

We are wishing our candidates for the winter carnival queen contest, a very successful response from all citizens and district farmers in their effort for a successful Gibbons Sno-Ball 1975.

Mr. Dwayne Williams, son of Mrs. Elfreda Williams and the late Jim Williams who is a driller up in the Yukon Territories, fell recently down a steep snowbank and broke his right leg in two places below the knee. He was taken by plane to the University Hospital in Edmonton. While convalescing he has been spending some time with his Aunt, Mrs. Joan Alward in Edmonton. His sister Gail and husband came from Grande Prairie to be with him while in hospital, and as soon as he is able they

will travel back to Grande Prairie.

Mr. and Mrs. Carl Johnson have returned from a trip into the U.S.A. Heading for St. Louis, Missouri to visit their twin daughter Shirley and family, Mr. and Mrs. Richard Kolpe, and also to make the acquaintance of their young grandson Kenneth Charles. They travelled by car with their daughter Miriam and husband, Mr. and Mrs. Elwood Galloway of Fort Saskatchewan. They stopped and visited along the way down with relatives and friends, and also on their homeward trip. In Northwood, Iowa, and district they visited several nieces and nephews. Also went to the Old Johnson home farm - where they took several pictures and to the old church where Mr. Johnson was baptized and confirmed as well as his seven brothers and two sisters and where the family worshipped for years and where his parents are also buried. There was lots of snow in Iowa at this time, as a big snowstorm had previously all but paralyzed traffic, but they had good travelling and moderate weather. After visiting in Minnesota they headed for Wyndmere, North Dakota and vicinity where three brothers had once located and visited many nieces and nephews, and a sister-in-law who was then celebrating her 94th birthday as well as the Johnson's 51st wedding anniversary. They spent the night and next day with relatives and then headed for home, reporting a most memorable and happy journey.

Bon Accord Board of Trade is sponsoring an all candidates political forum in the Bon Accord Community Centre on Thursday, March 20 at 8 p.m. The public is welcome.

Snowmobile gymkhana - a first for Legal carnival

By Lucienne Montpetit
The Four Seasons was a "Carnival Great" on Sunday, March 9. Many thanks to everyone who turned out and for the tremendous co-operation of the people (the weatherman did his share by providing us with favourable weather).

Things got underway at 11 a.m., with the Legal Poncho Riders snowmobile gymkhana. These snowmobile races were a little different than the ordinary races. The machines didn't go round and round on a designated track, speed wasn't the highlights of the races. Skill was the name of the game to come out on top. It was similar to the gymkhana with horses. This was the first

gymkhana of this type held in Legal. With the response and fun had by all, it certainly won't be the last. The Legal Poncho Riders wish to thank all those who participated and to the many people who assisted them with the gymkhana. The winners received cash prizes. The winners were:

Barrels - Laurent Maurier, Remi Morin, Richard Maurier.
Poles - Paul Morin, Laurent Maurier and Richard Maurier.
Flags - Laurent Maurier, Doug Veitch and Norman Cyr.

Stakes - Laurent Maurier, Richard Maurier and Louis Lecavalier.
At noon the people gath-

ered in the beautifully decorated arena with cartoon characters depicted in the various scenarios portraying the four seasons. Mile Fete au Village Marie St. Martin on behalf of the community welcomed everyone from near and far to carnival.

MLA Ernie Jamison officially opened the carnival at noon by dropping the puck for the face-off for the "Big" shaver hockey game. Our hockey players of tomorrow really put out and played a very good game. They defeated Edmonton 8-6.

The figure skating program included duets, solos and group numbers with all the figure skating students involved. The skaters made an impressive display in their colourful costumes. The power skaters gave an interesting demonstration in power skating.

The Four Seasons came to an end when Mrs. Carol Hutchinson, skating instructor, gave a solo. Master of ceremonies Ed Royan thanked Mrs. Hutchinson for the fine work she had done with her large class of 105 boys and girls. Mile Fete au Village presented her with a bouquet of flowers on behalf of the Legal Figure Skating Club.

The skate-a-thon started on schedule at 3:30 p.m., with anxious little boys (shavers) who were really enthused to skate to raise funds for Development and Peace. Trophies were given to the boys who skated the most laps. Seven year old Gilbert Montpetit and Robert Trihart were the winners with 45 laps.

IT WAS SNOWMOBILE races with a difference at the Legal Winter Carnival last weekend. Here, two members of the Legal Poncho Riders get their machine in gear for the snowmobile gymkhana where the machines were not restricted to a circuit. Instead the Riders might as well have been riding horses as they tackled barrel racing, poles, flags and stakes events.

The 15 boys raised some \$500 in pledges for this worthy cause. Three oldtimers in the persons of Paul Montpetit, Nazaire Lessard and Wilfred Lecavalier did their share in the skate-a-thon. They hadn't skated for a number of years, but they proved to be in good shape and still agile on skates regardless of their 60 years and over.

The girls hockey team surprised the spectators with

their ability to handle a hockey stick. They defeated the Edmonton Highlands girls team by a score of 6-2.

Special thanks to the members of the Club 60 Roses who prepared the delicious bean and chili con carne supper that so many people enjoyed at the Rec. Centre.

After supper the mom's and dad's had a good time playing broomball. The mom's won the dad's 8 to 6 (with a little help from dad's).

The oldtimers played hockey against Frontenacs and Legal won a game by a score of 7-6.

This concluded the full day of family fun and entertainment.

Many thanks to the community for their support in making the carnival successful, also to the male directors of the recreation board who did a very able job of staffing the area kitchen. It was a very busy afternoon and they kept everybody fed and happy. Well done fellows!

A GOOD BUY on our Series 3 motor oil

Shell Rimula CT is a superior lubricant for high-speed diesel engines.

If you need the performance level of a Series 3 lubricant, particularly if you run your equipment in severe operating conditions, then Rimula CT makes sense. Some, but not all, gasoline engines can use Rimula CT as well.

If not Rimula CT, another Shell motor oil should be right for your equipment. Your Shell agent can advise you. There's almost certainly another Shell motor oil that will meet your warranty requirements. At today's equipment costs, that's important.

Your Shell agent has a lot of good products, and good prices, too.

1335
per 5 gallon can.

Quarts and 45 gallon drums also available.

Government and local support for Namao high school but Jamison warns "there's a tough part to pay."

By Jim McIntyre

There is very strong support for a \$2½ million centralized high school facility at Namao among Sturgeon ratepayers.

That is the conclusion to be drawn after a series of six meetings over the past week between the ratepayers, residents of the MD of Sturgeon and officials of the Sturgeon School Division #24.

Speaking at the last of the meetings March 6 at the Sturgeon Heights School, MLA Ernie Jamison told the crowd of over 60 that if they wished to have the school at Namao, they would have the full support of the provincial government. But Mr. Jamison warned the supporters of the high school that the unsupported part of the project will be "a tough part to pay."

It seems as if this warning was reflected in the ballot which was taken just after the meeting. Forty-two people were in favour of the

centrally located high school with 22 against. There were no spoiled ballots. The percentage of people against the new facility was much higher at the Sturgeon Heights meeting than at any of the others.

Following is a list of the results at the full slate of meetings where about 88 per cent of the voters were for the Namao high school and 12 per cent against. The meetings were at Camilla, Gibbons, Bon Accord, Namao, Horse Hill, and Sturgeon Heights, with results tallying in that order.

For	Against	Spoiled Ballots
53	17	1
32	6	8
81	17	1
105	1	0
56	1	0
42	22	0

Total supporting the high school is 369, with 63 against and 10 spoiled ballots.

Mr. Jamison said that he

felt there had been had impressions left at the Camilla meeting but that the meeting (March 6) was on a much higher plane.

That meeting was chaired by school trustee Lois Hole, vice chairman of the Sturgeon board and its superintendent Frank Robinson gave the presentation.

At the Camilla meeting the fear had been expressed that the high school might not even get off the ground if construction costs became too high - a speculative figure of \$45.00 per square foot being quoted.

Mr. Jamison admitted that inflation was a problem but said that if the school was going to cost that amount then the government would "up" its support.

This would mean that the government's share of the cake would be \$1,750,000 with the balance of \$1,400,000 being left to the ratepayers. This would place nine mills on the tax bill but this would diminish year by year and the interest rates on the loan would be eight per cent - one of the lowest in Canada. This would only cover construction and not furnishings.

Mr. Jamison illustrated what the "whole thing was about" by taking \$13,000 as the average assessment for each acreage leaving \$9.00 x 13 over 25 years to be paid off.

He defended the record of the government's school building policy pointing out that it was the high cost of schools and the waste of school buildings back in 1971 which had caused the government's brake on school construction.

He stated that when 19 centralized schools were completely empty in the province at this time - representing \$50 million of public funds - "we felt we must be responsible for this."

From then on he said, the government decided on the policy that the public must first prove the need before funds could be released. But he also stressed that even now \$175,000 were available to lower the supplementary assessment "with no strings

attached." This could be used to pay off tuition fees for Sturgeon high school students in other jurisdictions to the tune of \$100,000.

Confirming the government's concern to help out in all areas of education he cited one case where the government paid out \$800,000 within 24 hours for students with learning disabilities - a figure which had now increased to \$9 million. The Sturgeon school division has also received a government grant worth \$30,000 under a special provincial program to increase Canadian content in libraries.

Touching the problem of inflation, Mr. Jamison said he was aware that the price of steel was going up and also labour costs; lumber was OK - "but for how long?"

Support prices, he continued, were going up to help the ratepayers keep up with inflation. Grants under the school foundation program to Sturgeon had gone up from \$1,664,000 in 1972 to \$1,995,000 in 1974 and there would be a 15 per cent increase this year with another 12 per cent added for transportation.

Looking at alternatives for Sturgeon students in other jurisdictions and he quoted one principal as saying: "There's something about these Sturgeon kids - we sure want you to get your school, but we do not want to lose your students."

The fight for a high school

Referring to statements made "tonight" about a research team hired by the Sturgeon school division to talk to the people of the area about a centralized non-denominational high school, Mr. Jamison said that if they were true then a few heads might roll. The Sturgeon board had written rebuttals to what were claimed as erroneous statements and recommendations in the report. Also the impression was left in part of the study that local people had not even been approached. That

part of the survey team's study - quoted by Mr. Robinson - read: "Implicit in the present choice of schools is the inherent felt need in selection which reflects language and religious convictions no single centralized (IT CAN BE ARGUED) facility can satisfy the two denominations."

To this Mr. Jamison said, referring to the need to communicate, "we're gonna talk to the people."

Before Mr. Jamison spoke, much sympathy was expressed at the meeting for Sturgeon high school students who are instructed in other jurisdictions in St. Albert and Edmonton. Their main problem would always consist in that they were "at the mercy" of the other boards with school starting times. Paul Kane and St. Albert High were both quoted as having different starting times. But it was the M. E. LaZerte school in Edmonton which posed the greatest problem for rural students who had to be there by 8:20 a.m. For students residing in Gibbons this meant real hardships.

Mr. Robinson said there were excellent reports about Sturgeon students in other jurisdictions and he quoted one principal as saying: "There's something about these Sturgeon kids - we sure want you to get your school, but we do not want to lose your students."

The fight for a high school

in the Sturgeon school division in some shape or form has been a long one.

Students from the five school systems, Legal, Morinville, two in St. Albert, and Sturgeon could have been pooled into a regional (as opposed to a centralized) school but this idea failed to get.

There has also been the conflict over the site. Some say that Namao is more logical with its good water and road facilities, while others have pointed to Morinville as the more central location. It was also pointed out, however, that with growth patterns for the MD of Sturgeon crossing the area diagonally from south-west to northeast, Namao does fit better into this projection.

Mrs. Hole brought out one angle to the meeting which might not have been mentioned otherwise - the role of a rural high school - away from the distractions of the city, which could help students make up their minds on returning to the land to help keep alive the family farm.

Although the proposed high school for Namao will not offer vocational or technical subjects (but it will offer industrial arts and home economics) the hope was expressed that special teaching grants might be available so that program opportunities might be equalized.

Public speaking marked Ed Week at Vanier High

For many students, Wednesday, March 5, at G. P. Vanier High School was the culmination of weeks of preparation. Students from Grades 6-12 had been having public speaking competitions at the classroom level, and for the past week, teachers have selected semi-finalists and then finalists. The speak-offs took place Wednesday evening at the school and started at about 7:30.

From Grade 6, Sandra Hoddez had a humorous

speech about 'Hiccups' and the various ways they can be overcome, and Janet Mulligan spoke about 'Money.' Gisele Boissonnault from Grade 7 told what she thought our automated society would be like in the future under the title 'The World in a Button.' The other finalist from Grade 7, Lucie Leduc, gave her views on 'Education.'

For a break, a group of Grade 6 students sang 'Butterfly.' Lead singer Sandra Hoddez was accom-

panied by Janet Mulligan, Shamuna Butt, Janet Chalfoux and Patsy Lodewijk who also played instruments. Gilles Bourgeois played for the group, who recently had tied for first place in the junior division of the ACT Search for Talent.

Following that, from Grade 8, Louise Chalfoux spoke on 'Alcohol' and Rosemary Brenneis spoke on 'Education.' Marcel Sale from Grade 9 gave an interesting insight into 'War' and Philip Van Brabant

amused the audience by explaining what it would be like 'Being Eighteen.'

The junior high choir directed by Margaret Johns and accompanied by Mrs. Colleen Schayes sang two popular songs, 'One tin Soldier' and 'Joy to the World.'

The adjudicator, Mrs. Do-reen Ibsen from the Department of Youth, Recreation and Culture, then commented on the junior high speeches and gave helpful suggestions to the finalists. She also mentioned that she was quite pleased by the high standard of public speaking skills being displayed that evening.

After Mrs. Ibsen completed her commentary, the senior high finalists had their turn. Debra Bryan from Grade 10 was first and she interested the audience with her views on 'Women's Liberation.' Renu Khullar then spoke about 'Adolescents' and gave her opinions about teenagers. From Grade 11, Michelle Carignan also spoke on 'Education,' and Ruby Khullar presented her views on 'What is Success?' Denis Boissonnault from Grade 12 gave a humorous, and yet deeply moving speech entitled 'A letter' and Janielle Gibeau spoke about 'Leisure Time.'

The Grade 6 choir sang 'For the Beauty of the Earth' and 'The Candy Man,' and then Mrs. Ibsen was ready to remark on the senior high speeches. After mentioning a few points about each finalist, she left the auditorium to make the final decisions. Meanwhile Mr. Guy St. Germain, chairman of the school board, handed out certificates to the two finalists and one alternate speaker from each grade. The winners were then declared and were presented with a trophy donated by the Junior and Senior Students' Unions and they are:

Grade 6 - Sandra Hoddez; 7 - Gisele Boissonnault; 8 - Louise Chalfoux; 9 - Philip Van Brabant; 10 - Renu Khullar; 11 - Ruby Khullar; 12 - Denis Boissonnault. Free coffee and refreshments were served, and so another education week at Vanier is over.

THANK YOU

The Board of Directors of Legal Community Centre would like to express their gratitude and sincere thanks to everyone who participated in the success of the Annual Dinner Plate. A very special thanks to the ladies of the community who so willingly volunteered their services again this year and displayed some fine community spirit.

Emergency Service now in Morinville

The St. John Ambulance Emergency Service, Unit No. 2, Morinville is now a reality. May 1, 1975 is the scheduled in-service date that has been set.

Morinville has 13 members signed up for service at present. The majority of these members have just completed their standard first aid course in Morinville. Advanced training is to begin this week with a series of study sessions and practical tests. Live practise will

consist of realistic simulations of accidents in a variety of locations.

The Emergency Service will eventually be tied into the existing fire phone system so that one emergency number will effectively tie in all emergency services for Morinville and district.

Mrs. Agnes Bokenfohr R.N. has been appointed as Divisional Nursing Officer and will head the Morinville unit until a divisional officer

can be selected. Any enquiries about the work of the St. John Ambulance Emergency Service can be made by contacting Mrs. Bokenfohr at 939-2250.

For those of you who are new to Morinville or are unfamiliar with the St. John Ambulance Emergency Service here is a brief description. The St. John Ambulance Emergency Service is a volunteer, non-commercial ambulance, rescue service. It provides free emergency first aid to anyone requiring it, rescue service and ambulance transportation. Morinville will not have an ambulance as of May 1, 1975 but it will still be as effective. The members of the St. John Ambulance Emergency Service will eventually qualify as emergency medical technicians, and with government assistance, as full paramedical personnel.

PLEASE SUPPORT THIS SERVICE FOR YOUR BENEFIT

Unit one is in Bon Accord and this unit is presently starting work to assist with calls from Gibbons area also.

BILLBOARD

THURSDAY EVENING - Every week - AA meetings at 8:30 p.m. at Pat Shorts. Phone 939-4447.

SATURDAY, MARCH 15 - March Thaw dance, Nmaoo School - 9 p.m. - 1 a.m. Music by the Satellites. Sponsored by Sturgeon Valley Community League. For tickets phone Jim Wurzer - 799-6783. Tickets can be held at the door.

Report From Bon Accord

By Sadie Allen

This is the weekend we support our volunteer St. John Ambulance Emergency squad by attending their dine and dance on March 15 in the Bon Accord Community Centre. Dance to the music of Tom Myrtrunec's Country Peppers and enjoy a large variety of oriental food. Tickets are \$10 per couple and may be obtained from Pauline Mansfield, 921-3625 or Janice McDonald, 921-3500.

At the Local Association for Brownies and Guides held March 3 and attended by 25 ladies, it was decided to feature strawberry short-cake at the St. Patrick's tea which is being held in the Bon Accord Community Centre on March 15 from 1:30 - 4:30 p.m. Another feature will be a cake-walk similar to musical chairs with cakes as prizes. The price is 10 cents per game. Rounding out the list of door prizes are a \$5 voucher from Woodward's Northgate and a car-coffee maker from Ace

Tool Supply - Mr. and Mrs. Ross Kulay. The next Local Association meeting will be held on April 7 at 6:30 p.m.

Seven guides took their home nursing course at Namoo on Tuesday with Donna Gorringer as instructor. A trip planned to the Provincial Museum on March 22 is short of drivers. Please contact Donna - 921-2397 if you can help out. Meeting time is 9:30 a.m.

LIONS RAFFLE

The Bon Accord Lions monthly raffle is proving very popular with the 100 ticket limit going very quickly. Looks as if it might turn into a two-weekly raffle. Winner for the most recent one was Frances Ketter. Another will be underway soon. Contact Dave Latia for tickets.

BINGO

A good crowd turned out for bingo on Sunday evening - 7:30 sharp and no repeats.

The jackpot was not won and will be \$450. In 50 numbers on March 16. The consolation bingo was shared by Bernice Strid and daughter Bonnie McBride. Winner of the bonanza was Paul Grottenhouse.

Creative movement classes for children will be held at the Bon Accord school commencing on Wednesday, April 9 and running for six weeks. Kindergarten and Grade 1 - 3:45 - 4:15; Grades 2 and 3 - 4:15 - 4:45. Instructor will be Marsha Rigney. Registration is \$1 per student and may be made by phoning Pauline Mansfield, 921-3625.

POLITICAL FORUM

The Bon Accord Board of Trade will sponsor a political forum in the Community Centre on Thursday, March 20 at 8 p.m. Everyone is cordially invited and even urged to come out and meet the candidates who are vying for the chance to represent us in the next provincial parliament. This is your opportunity to hear what

each candidate has to say and to get first hand answers to your questions.

A course in flower arrangement is scheduled for Thursday, April 10 at 8 p.m., in the Bon Accord Community Centre. There are still a few vacancies. Registrations may be made with Marilyn Carleton, 921-3939. Please pre-register so that adequate supplies will be on hand.

A large crowd attended the meeting held by the Sturgeon School Board in the Bon Accord school on March 5 to discuss the proposed high school at Namoo. Chairing the meeting was Mrs. Olga Bilecki. Other representatives of the board were Mr. John McDermott, Mrs. Lois Hole, Mr. Walter Hepler and assistant secretary Mr. Jim McDermott. The vote went 81 for, 17 against and 1 spoiled. A petition is currently being circulated in our area to present to the government. Anyone wishing to sign should contact Sharon Hill, 921-3509.

Get well wishes are extended to Mr. Mel Ruth in the General Hospital.

The ACW of Holy Trinity Anglican Church held a very successful sale of crafts and home baking in the Londerderry Mall on March 7. A very special thank you is extended to all who contributed to the tables with an extra special thank you to those ladies not affiliated with the church for their donations of home baking.

Holy Trinity Anglican Church was crowded to capacity for World's Day of Prayer on March 7, sponsored jointly by the Roman Catholic, United and Anglican churches. Main readers for the service were Rose Ruth, Ruth Cline, Janice McDonald, Delia Yuen Jung and Arlene Murphy. Fr. Adam, Rev. Back and Rev. Tom McKnight were in attendance. Organist was Mrs. Verna Morris.

The senior women's hockey team took part in the Chimo hockey tournament held at Edmonton Gardens over the past weekend, losing out to Ardrossan 4-2 and Regina 7-4. Congratulations on a good show.

STURGEON CADETS

All is not drill with the Sturgeon Cadet Squad #524. Since the first of the year the

squad has enjoyed bowling at the Odeon Bowl in Edmonton, and camp at Camp Wright over the Feb. 1st weekend. Had weather forced cancellations of the helicopter rides planned but these are being re-scheduled for a later date. On March 9 a successful bean supper was sponsored by the squad in conjunction with the carnival. February 14 the boys attended an Oiler vs Toro game at the Coliseum. Selection boards will be held at Penhold on March 21, 22 and 23. Two members of the squad, Flt. Sgt. Loblick and Sgt. Melnychuk will be trying for flying scholarships. Zone competitions and provincial finals in drill and sports will be coming up in May and June.

EASTER TEA

A reminder of the Easter tea being sponsored by the UCW in the United Church from 2:30 - 5 on Saturday, March 22. Along with the tea there will be home baking and bazaar articles for sale. A white elephant table will also be featured. Temporary president Mrs. Pajje Keown has taken on the position of UCW president for this year.

Holy Trinity Anglican Church women will hold a sale of crafts and home baking in

Northgate Mall on Thursday, March 20. Specialties of the sale are home baked bread and buns. Donations for the sale may be left with Ruth Cline or Nell Schneider.

The pee-wee hockey team lost out in the semi finals of the double knockout losing their second game to Villeneuve. Pee-wees downed Gibbons, Riviere Qui Barre and Thorhild.

Attention ratepayers and parents - the annual meeting of the Sturgeon School Division will be held in the Bon Accord School on Monday, March 17 at 7:30 p.m.

The annual meeting for the Village of Bon Accord will be held on Monday, March 24 at 8 p.m. in the Bon Accord Community Centre.

NOTICE

OF ANNUAL MEETING

PUBLIC NOTICE is hereby given that a Meeting of the Electors of the VILLAGE OF BON ACCORD will be held in the COMMUNITY CENTRE on MONDAY, THE 24th day of MARCH, 1975, at 8:00 o'clock p.m., for the discussion of Municipal affairs for the year ending December thirty-first, 1974.

Dated at Bon Accord this 31st day of January, 1975.

Jeann Chubb,
Secretary-Treasurer.

Water focal point at Gibbons growth meeting

The "water" issue was the focal point of an urban growth meeting at Gibbons March 6.

The meeting was the second of a series of three on the subject of urban growth. The final meeting is slated for St. Albert although a date has not yet been fixed.

Public participation specialist with the Edmonton

Regional Planning Commission Sam Walz said that the turnout for the meeting was down on the attendance at the first meeting at Morinville. Forty interested area residents turned out at the Gibbons Community Hall along with about 20 politicians, representatives of the ERPC, council members, and mayors Archie Jenkins of Bon Accord and "Snip"

Loblock of Gibbons. Deputy Reeve of the MD Lawrence Kluthe chaired the meeting. One hundred and twenty-five residents turned out for the meeting in Morinville.

Mr. Walz said that water turned out to be the main issue with the Gibbons group but they were also closely supported by representatives from Bon Accord who felt that if a water line came

through from Fort Saskatchewan it would likely go through to Bon Accord.

With the meeting split up into three groups, where growth problems were identified and discussed, Mr. Walz said that there was strong support for controlled growth, the provision of industry for the labour force, and the wish that newcomers to the area would be absorbed gradually by the community. "They wanted to avoid the problems they had seen in St. Albert (with its rapid growth)," Mr. Walz pointed out.

All three groups were unanimous that there should be provincial help to equalize the industrial tax base so that competition between the municipalities could be avoided. There was criticism about the heavy concentration of industry in the County of Strathcona to the detriment of other areas.

A firm policy of land use was called for, as the groups identified that a lot of residential development was

taking place on good agricultural land. It was felt that this kind of development should be taking place on poorer grades of soil.

More co-ordination and public participation were called for in the making of top level planning decisions.

Two films were shown at the meeting. The first was "Boomsville" warning the public about the dangers of urban development which got out of hand; the second "Citizen Hamlet" about the causes of public apathy, illustrated by a citizen who got frustrated with his

council and took to drink as an escape.

Mr. Walz said that these films went down very well with those attending the meeting.

When the slate of meetings in the MD and St. Albert are over, the concerns and recommendations expressed there will give the ERPC the right direction to formulate its policies. But it is expected to take at least a year before the ERPC comes out with a formal statement on urban growth as a result of public input at the growth meetings.

VIMY NEWS

By Darlene Provencal

It's good to hear that Hector L'Oiseau and Mrs. Bernice Kowalczyk are now both home after spending both home after each spending some time in the hospital.

Ron and Mary Zadunayski are back after spending several weeks travelling through the States down to Mexico and back. Their

travelling partners were Tod and Jo-Anne Borduzak of Westlock.

The annual hall board meeting was held in the community hall on Feb. 21 with nominations being held for three new members. They are Andrew Bilon, Leo Ringuette, and Anne Anderson. Going out after their term were John Dussault, Paul Sabourin, and Lucille Ringuette. Other members presently on your hall board are: Roch Regimbald, presi-

dent; Roland Limoges, vice-pres., George Dubois, Leon Blanchette, Henry Ringuette and Darlene Provencal. Another meeting was held on February 28 to make arrangements for our Spring Frolic to be held on April 12. Tickets are now available at \$2.50 each from any of the above mentioned members.

John and Marianne Griffiths from Cochrane, Alberta were weekend visitors of Marianne's parents, Mr. and Mrs. Tony Regimbald.

Gibbons people needed

The Emergency Service presently based in Bon Accord is experiencing a number of calls from the Gibbons area. To enable a quicker response to these calls we require mature persons that have had an initial first aid course and are willing to further their knowledge in aid of their community. Approximately four persons are required initially to supplement the Bon Accord unit. If we have sufficient response to this appeal, and we are able to select at least four persons, approaches will be made to Gibbons service clubs and Gibbons council for financial support of the service.

The St. John Ambulance Emergency Service is a charitable organization, and not part of any municipal body. It is hoped to support the organization wholly by donations, grants, legacies and fund raising projects.

Anyone therefore that would like to know more about the service, please contact Nigel Mansfield at 921-3625.

Qui Barre Cabaret

A St. Patrick's Cabaret is being held in the Riviere Qui Barre Recreation Centre on Saturday, March 15, when Gene Michael's Band will be featured. Tickets at \$6 per couple are available by phoning 459-3139 or 256-2032, or at Bren's Store. The evening will include a mid-night lunch and is sponsored by the Riviere Qui Barre Recreation Club.

Town of Morinville Annual Meeting

The annual meeting of the electors of the Town of Morinville will be held at the Recreation Centre (Parish Hall) on Thursday the 20th day of March, 1975 at 8 p.m.

UNITED FARMERS

Gibbons Sno Ball features many kinds of winter fun

By Shirley Steinwand
Gibbons winter carnival "Sno-Ball '75" will be held this year - March 20 to 23. This is an annual event, which gets bigger and better every year.

There will be activities for all ages on the agenda, including door prizes, teas, a parade, beer fest, queen's pageant, entertainment, games for children, ice shows, pancake breakfast, sky divers, beer gardens, fireworks, hockey games and a bean supper.

DARLENE BOETTGER
Sno-Ball Queen
Contestant

JUNE RUTAN
Sno-Ball Queen
Contestant

The girls running for Carnival Queen are: June Rutan, age 17, attending M. E. Lazerte School, grade 12, sponsored by Gibbons Lions Club; Heather Grant, age 15, attending Gibbons School, grade 9, co-sponsored by Gibbons Community Centre and Recreation Board; Tracy Steele, age 16, attending M. E. Lazerte School, grade 10, sponsored by the Agricultural Society; Shelley Schwanke, age 16, attending M. E. Lazerte School, grade 11,

sponsored by the Northern Lights. (We are sorry no picture of Shelley was available.) Darlene Boettger, age 17, attending M. E. Lazerte School, grade 11, sponsored by the Legion.

The girls will attend a tea on Thursday evening where the judges will have a chance to see them in public. Final judging will take place at the Queen's pageant immediately following the tea, when the contestants will be asked

to make a short speech.

Girls will be judged on ticket sales, poise, personal appearance, conduct in public and personality. The girl chosen as queen will receive an expense paid trip for two to San Francisco. First runner up, an expense paid trip for two to Jasper.

Friday afternoon will see the school children let out early for an afternoon of games and fun.

Friday evening the Gibb-

ons Figure and Power Skating Association will present an ice show "Pot Pourri," with guest skaters from Morinville and Edmonton. The show will last 2 1/2 hours with the crowning of the Sno-Ball Queen as grand finale.

Saturday morning a pancake breakfast will be held from 8 to 10:30 a.m., followed by the parade at 11 a.m.

Entry forms for the parade are available at the village office. First and second prizes will be awarded for both categories.

Judging will be by the Senior Citizens of Gibbons.

mezzanine from 3 to 5 p.m. A beerfest will top the evening from 8 p.m. to 1 a.m., and prizes of \$100., \$50. will be drawn from the contestant tickets at this time.

HEATHER GRANT
Sno-Ball Queen
Contestant

Sunday will be a variety of outdoor sports, weather permitting, a fun hockey game between the Edmonton Eskimos and Gibbons Kodiaks at the arena, bean supper, bonfire and fireworks.

A large variety of prizes will be given away during the weekend.

The money raised during Sno-Ball days will go towards the arena fund. Come out and have a fun time, join in the activities. A thanks in advance to all the people that worked so hard on this project.

TRACY STEELE
Sno-Ball Queen
Contestant

Sky divers will land behind the arena at 1 p.m., they will be taken out to judge the snow sculptures. A tea the Legion - 2 to 5 p.m. Beer gardens will be in the arena

400 people enjoy Legal Dinner Plate

By Lucienne Montpelli
The people of Legal again combined business with pleasure on March 8 when they held their annual dinner plate swinging celebration in support of the community hall.

Hours of planning and preparation go into the organization of such an event. All catering work, ticket sales etc., is done by volunteers.

The 400 people were served within two hours and the program got underway at 9 p.m., to the swinging music of the Rhythm Kings. Walter Van de Walle, the capable master of ceremonies, called upon Marcel Coulombe the president to welcome the people to their annual event. MLA Ernie Jamison drew the first ticket from the drum for a \$30 consolation prize. Every 25th ticket drawn also received the same. The consolation prize winners went to Mrs. Marie Keane, Slave Lake; Normand Prefontaine, Edmonton; Tom Maccagno, Edmonton; Dan St. Martin, Associate Medical Clinic, St. Albert; Milton Moncrieff, Leo Maurier, Charles Mahe, Gerald St. Jean and Edward Slack.

One hundred and ninety-

five names were stroked off as they were pulled from the drum and the five last persons agreed to split the \$2,000. Receiving \$400 each were - Harvey Ouellette, Guy Cyr, Real Champagne, Roger Champagne (two time winner), August Kieser/Lloyd Kacharowski (shared the \$400).

A delicious lunch was served downstairs to satisfy everyone's hunger before hitting the road back home.

The board of directors and the ladies are to be commended for all the work and effort they put in organizing the evening. We are happy to see we still have plenty of community spirit which helps to get things done.

ALBERTA ALL-RISK CROP INSURANCE

A Complete Protection Plan for the Grain Producer

Protect your cropping investment with low-cost crop insurance — a MUST with today's high operating costs.

MAJOR CHANGES FOR 1975 to provide more complete protection

- **Unseeded Summerfallow Coverage**
Payments of \$20.00 per acre for eligible unseeded summerfallow.
- **Unharvested Acreage Coverage**
Interim payments of 25% of coverage on eligible unharvested acreage.
- **Assisted Rates in High Risk Areas**
Added government assistance to keep rates in high-risk areas within the farmer's means.
- **Larger Coverage Bonus**
Coverage increases up to 30% over basic for farmers with good experience - another step towards individual coverage.
- **Higher Price Options and More Crops**
Provide an opportunity to protect all major crops at levels reflecting current market values.

And Now - DISTRICT OFFICES to provide year-round service and information

LEGAL LOCALS

By Lucienne Montpetit
Sincere condolences to Pierre Brissou and his family who are mourning the loss of a wife and mother, Lea, who was the victim of an accident on March 3, also to Mrs. Lorenzo St. Jean who is mourning the loss of her brother Paul Lejeune who passed away last week.

Mrs. Juliette Cyr went to Medicine Hat for five days to visit with her friends.

Mr. and Mrs. Patrick Mahe returned recently after spending a month holidaying in California. Mr. and Mrs. Adrien Pelletier and Mr. and Mrs. Tony Pelletier returned early Monday morning from their two weeks holiday in Hawaii.

Come one, come all to the ham bingo on March 16 at the Community Hall at 8 p.m.

The hockey banquet and

appreciation night will be held on March 22 at the Community Hall.

Have you washed any tea towels belonging to the Recreation Centre? We appreciate your washing them but you undoubtedly forgot to return them, because there is very few tea towels left in the kitchen. We would appreciate it if you would return them as soon as possible.

The CWL will hold a St.

Patrick's bake sale on March 15 at the Legal Co-op. Your donations will be greatly appreciated.

The ladies of St. Mary's Ukrainian Catholic Church of Waugh will hold an Easter bake sale at the Legal Co-op on March 22.

The Knights of Columbus would like to thank all the sponsors, boys and parents who helped make the skateathon a success. The boys who made the most laps were

Denis Derrien with 57 laps and Nicki Golden with 56 laps.

Trophies were given to the shavers only and the boys who competed the most laps were Gilbert Montpetit and Robert Tritthart who both completed 45 laps.

Best wishes for a speedy recovery to Mrs. Lucille Bergeron, Laurie and Corinne Brissou, Mrs. Yolande St. Onge and Daniel Caouette who are patients in the hospital.

On March 1 an appreciation night was put on by Veness Distributors and Imperial Oil for some 200 people.

Joe Nault the former agent welcomed the people and introduced Mr. Bill Veness the new Imperial Oil Agent in Legal, Mr. Real Durocher has been with the local agency since October. (We hope that he will move his

family and become permanent "Legalians"). During the evening a presentation was made to Joe and Germaine by Mr. Doug Rasmussen, regional district manager. Jos was presented with a 24 year button and an engraved silver tray as a token of appreciation.

Mr. Bert White, district sales representative was also present for the social evening.

Everyone enjoyed themselves and danced to the swinging music of the Starlites.

I would like to correct a mistake made last week when I sent the picture of the proud fisherman from Acaulco. Mr. Chalfoux whose fish is not shown on the picture was in the process of being mounted, then it will be sent to him in Falher. Mr. George Stady also had his martin mounted and hopes to receive it in several months.

Mrs. Carol Hutchinson, the figure skating instructor, is happily holding the lovely bouquet that was presented to her at the Legal carnival. Left of her is Angèle Coumbe [gold medal], on her right is Pauline de Champlain [silver medal] and Lorraine Chamberland [silver medal].

Special campaign for third world on in Morinville

Lent is the time when the Canadian Catholic Organization for Development and Peace tries to inform people about the hardships in other countries less fortunate than ours, and at the same time, tries to help them by raising money to fund many projects in the Third World - projects like education programs, socio-economic programs and funds for emergency relief.

For the past several years, the CCODP has co-ordinated their appeal with the Anglican, United, Lutheran and Presbyterian churches. The funds received by various churches are controlled and expended by each individual church. By having a common theme, money is saved in printing, publicity, and distribution. And by using volunteers, 91¢ of every dollar actually does go to a developing country like India. For every dollar contributed to the organization, the provincial government will meet it dollar for dollar and the federal government will match that dollar for dollar.

So for every \$1 raised, \$4 goes for world development and relief.

The elementary students have already been busy this year and have raised \$261. A hot dog dinner has been held in the high school, and students from Grades 7 - 10 are participating in a starvation to help raise funds. Pop cans are already out in many local business places. Envelopes have been distributed in church and they are to be returned by March 16.

Information and literature is available at the church for anyone who is interested.

Last year Morinville raised \$1,500., and with help from the two governments, our community gave \$6 thousand. This year the committee hopes to meet that total and if possible, go beyond it.

The theme of the 1975 campaign is "Share dignity, justice, hope . . . to help a broken world." The citizens of this community can help to ease the suffering in other lands because every cent makes a difference to a starving child in India. So please . . . Share Lent.

MAIL COUPON TO - BOX 1687, WESTLOCK, ALTA.

A Butler Farmstead costs a bit more than a wooden building. Initially.

But the all-steel Farmstead won't rot.

The Farmstead will withstand a 50 mph gale, and its roof will handle heavy loads of snow.

So in the long run it will cost you much less. Which is worth remembering.

MORINVILLE MEMOS

All skaters who took part in the Central Sturgeon Ag Society skate-a-thon held February 16 are asked to take note of the March 17 deadline for turning in their pledge money to Quinn's Plumbing and Heating. The skate-a-thon was very successful and so far in excess of \$1,000 has been received. One final push to get the remaining pledges in by deadline will be greatly appreciated.

Doug Ramer reports that tickets are now available for the Agricultural Society's big Sportsmen's dinner and dance on April 5 in the Recreation Centre. News of the program being planned will be forthcoming as arrangements are finalized.

A reminder to those interested that kindergarten registration will be held Thursday night, March 13 from 7 - 8 p.m., in the

basement of the Rec Centre. A dental hygienist will be guest speaker following registration.

A Babysitters Safety Course will be offered through the Sturgeon Regional Recreation Council. Students must be 12 years of age. The course will begin on Thursday, March 13, at the Sturgeon Regional Recreation office (Cunningham School), at 6:30 p.m. Pre-registration can be taken by telephoning Sturgeon Regional Recreation Office at 939-4317 or call Mrs. Lamb at 939-4229. A fee of \$2 will be charged.

Flea Market, Wednesday March 26 - 9 to 11 a.m., and

1 - 6 p.m., at Legion. Items for sale will include crafts, jewellery, copper enamelling, pottery, basketry, ceramics, baking, bazaar items, household goods, etc. Anyone interested in participating phone 939-4625.

Ladies Take-A-Break schedule of program - mornings 9 - 11 a.m.
March 19 - Ukrainian Easter Egg Decorating;
March 26 - Flea Market;
April 9 - Artificial Flower Arrangement;
April 16 - Haircare and Makeup;
April 23 - Landscaping;
April 30 - Macrame;
Afternoons 1 - 3 p.m., same as mornings except for April 16 - crocheting, granny

squares.

If you wish to attend a class please phone 939-4036 to find out what supplies are required. Classes are held at the Legion.

The next meeting of the United Church Ladies Aid

will be held at the home of Mrs. Marge Rockwell on Tuesday, March 18, commencing at 8 p.m. All interested ladies are cordially invited to attend. For further information please call Jean Robinson - 939-4153

Water supply tests encouraging in Bon Accord

Photo taken at the Oakhill test well, during the test period at the site, shows Geoscience Consultant Mike Malachen, the agricultural foreman at Oakhill and Mayor Archie Jenkins of Bon Accord.

As indicated in the last Village news, information on current well tests will be released as it became available.

Testing carried out during the past week by the Water Resources Branch as authorized by the Dept. of the Environment, has been most encouraging and while test results have not been tabulated, sufficient data has been established to guarantee an unlimited water supply for the future.

As things stand at present, the water supply from two wells now in operation will take care of a community

double the present size and recent testing outlined above would indicate an unlimited supply for the foreseeable future.

The capabilities of a test well on the Oakhill property, 1/4 mile south of the village are very promising. This well, during tests carried out a few days ago, produced 170 gallons per minute consistently over a 48 hour period. An observation hole 50 feet away drew down only one foot during the test period and returned to the original level in about half an hour.

A complete report is expected in about one month.

Super stars for super rodeo

The 26th Annual Canadian Western Rodeo will be staged in Edmonton's new super Coliseum from March 25 - 29.

To compliment the ninth largest rodeo in the world, Rodeo Chairman, Mr. H. L. D. "Len" Perry, is pleased to announce the signing of two Superstars.

From the 25th to the 27th of March, the internationally acclaimed entertainer, Mr. Glen Campbell, will be the featured entertainer at Superodeo.

Campbell's record albums and singles (including nine gold albums and two singles) justify his being honoured five times by the National Academy of Recording Arts and Sciences, six awards from the Academy of Country and Western music and the Country Music Association "Entertainer of the Year" selection.

To start 1975 off right, Glen Campbell received a Grammy nomination for best male vocal performance for his single release, "Bonapart's Retreat."

Songs, the likes of "Wichita Lineman," "Galveston," "By the Time I Get to Phoenix," "Gently on my Mind," are only a few hits that spark ones attention to this six foot, 170 pound superstar.

For March 28th and both performances on the 29th, the young man who replaced Frank Sinatra as the featured vocalist with the Tommy Dorsey Orchestra, Mr. Ken Curtis more affectionately known as "Festus" to millions of Gunsmoke fans will be here to entertain fans of all ages.

"Festus," a one time member of the "Sons of the Pioneers," had many interests prior to settling down to a 10 year stay in Dodge City, included ranching in Colorado, studying Pre-Med and playing football at Colorado College.

Coincidentally, "Festus" as a young man assisted his Sheriff-father around the jailhouse at Las Animas, so the Haggensisms are expressions of true life.

Tickets are only \$3., \$4., \$5. and \$5.50 for Superodeo at the new Coliseum, and are now available at all Box Office locations, McCauley Plaza, all Woodward's Stores and the Bonnie Doon Mall. The Exhibition is pleased to offer 1/2 price admission to all students under 17 and Senior Citizens, 65 and over, for performances on March 25th and both performances on the 29th.

Super entertainment at the Superodeo in the new Super Coliseum.

Snakes well represented at Boat Show

An educational snake display will be the highlight of the 1975 Edmonton Boat and Trailer Show.

The show will be held in the new Coliseum March 12-16 by naturalist Frank Weed, a prominent North American snake expert.

He contends that most

snakes are harmless but some should be avoided just like some human beings.

Visitors to the boat show will have an opportunity to see 30 snakes representing about 15 species in the educational feature called "Snakes Alive."

Engineers wives to gather

It is the aim of the St. Albert activity group, a part of the Engineers Wives Association of Edmonton, to invite any engineers wife in this area to attend our meetings and be introduced to other engineers wives and enjoy an evening of social and community interests. For those who wish we also plan to travel in and attend, as a group, the monthly

social functions of the Edmonton Association.

The next meeting of the St. Albert group will be held the evening of April 7th. The gathering at the home of one of the members will be a social evening to enable all interested women to get to know one another over a cup of coffee.

For further information please call 458-2359.
